

# Allina Health | Aetna Mental Health Virtual Care Services\*

Allina Health | Aetna covers virtual mental health services that are available anytime, anywhere. This includes access to certified coaches, counselors, therapists, and licensed psychiatrists who can diagnose and treat specific mental health conditions.

The virtual mental health services, below, provide care for: addictions, aging & caregiver support, anxiety, bipolar, depression, grief & loss, LGBTQ+ support, life changes, obsessive compulsive disorder (OCD), panic disorders, parenting support, phobias, relationship issues, stress management, trauma & PTSD, and more. If you need assistance choosing the best option for you, please call the number on the back of your member ID card to speak with a Customer Service Representative.

If you are experiencing an emergency or crisis and need immediate assistance, please call 911 or go to your nearest emergency room.

If you or anyone you know is having suicidal thoughts, you can call or text 988 (new 3-digit Suicide & Crisis Lifeline). You will be connected to trained counselors who will listen, understand your concerns that are affecting you, provide support, and connect you to resources, if necessary.

\*FOR VIRTUAL CARE: Virtual Care, telemedicine, telehealth, etc. is the use of digital information and communication technologies to access health care services remotely and manage your health care. Providers can diagnose and treat conditions such as migraines, skin conditions, diabetes, depression, anxiety, colds and coughs. Receive care from a virtual provider using a computer or mobile devices such as tablets and smartphones.

\*FOR MENTAL HEALTH SERVICES RESTRICTIONS: Adolescent mental health services are limited to counseling only. Mental health medication management and psychiatry services remain available only for adults 18+.

\*FOR 24/7 NURSE LINE: While only your doctor can diagnose, prescribe or give medical advice, the 24/7 Nurse Line can provide information on a variety of health topics.

\*FOR CVS VIRTUAL CARE AND CVS VIRTUAL PRIMARY CARE: CVS Health Virtual Primary Care® and CVS Health Virtual Care® services are only available in the U.S. Limitations may apply based on service, location or health plan. Controlled substances not prescribed. Adolescent mental health services are limited to counseling only; Mental health medication management and psychiatry services remain available only for adults 18+. Members enrolled in qualified high-deductible health plans must meet their deductible before receiving covered non-preventive services at no cost-share. CVS Health Virtual Care® and CVS Health Virtual Primary Care® are products provided by CVS Management Support LLC. Clinical services are provided by CVS Healthcare Practices PLLC or MinuteClinic, LLC and their subsidiaries and managed entities. This material is for informational purposes only. Refer to AllinaHealthAetna.com for more information about Allina Health | Aetna plans and for a full list of participating providers.
