Policyholder:	SAMPLE
Policyholder number:	GP-SAMPLE
Plan name:	Open Access Managed Choice Plus, Booklet-certificate
Group policy effective date:	January 1, 2023
Plan effective date:	January 1, 2023
Plan issue date:	January 1, 2023

Underwritten by Allina Health and Aetna Insurance Company

Assistive Technology

Persons using assistive technology may not be able to fully access the following information. For assistance, please call 1-855-872-5518 (TTY: 711).

Smartphone or Tablet

To view documents from your smartphone or tablet, the free WinZip app is required. It may be available from your App Store.

Non-Discrimination

Allina Health | Aetna complies with applicable Federal civil rights laws and does not unlawfully discriminate, exclude or treat people differently based on their race, color, national origin, sex, age, or disability.

We provide free aids/services to people with disabilities and to people who need language assistance.

If you need a qualified interpreter, written information in other formats, translation or other services, call 1-855-872-5518.

If you believe we have failed to provide these services or otherwise discriminated based on a protected class noted above, you can also file a grievance with the Civil Rights Coordinator by contacting:

Civil Rights Coordinator,
P.O. Box 14462, Lexington, KY 40512,
1-800-648-7817, TTY: 711,
Fax: 859-425-3379, CRCoordinator@aetna.com.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or at: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20201, or at 1-800-368-1019, 800-537-7697 (TDD).

Health plans are offered, underwritten or administered by Allina Health and Aetna Insurance Company (Allina Health | Aetna). Allina Health | Aetna is an affiliate of Aetna Life Insurance Company and its affiliates (Aetna). Aetna provides certain management services to Allina Health | Aetna. Allina Health | Aetna has sole financial responsibility for its own products.

Schedule of benefits

Issued with your certificate of coverage

Welcome

At Allina Health | Aetna, your health goals lead the way, so we're joining you to put them first. We believe that whatever you decide to do for your health, you can do it with the right support. And no matter where you are on this personal journey, it's our job to enable you to feel the joy of achieving your best health.

Welcome to Allina Health | Aetna.

Introduction

This is your certificate of coverage or "certificate." It describes your **covered services** – what they are and how to get them. It also describes how we manage the plan, according to our policies, federal and state laws and regulations. The schedule of benefits tells you how we share expenses for **covered services** and explains any limits. Along with the group policy, they make up the entire contract and describe your Allina Health | Aetna plan. Each may have amendments attached to them. These change or add to the document. No change can be made to the group policy until it is attached to the policy by amendment, signed by an executive officer of Allina Health | Aetna. No agent may change the policy or waive any of its provisions. This certificate takes the place of any others sent to you before.

It's really important that you read the entire certificate and your schedule of benefits.

If your coverage under any part of this plan replaces coverage under another plan, your coverage for benefits provided under the other coverage may reduce benefits paid by this plan. See the *Coordination of benefits, Effect of prior plan coverage* section.

If you need help or more information, see the *Contact us* section below.

How we use words

When we use:

- "You" and "your" we mean you and any covered dependents (if your plan allows dependent coverage)
- "Us," "we," and "our" we mean Allina Health | Aetna
- Words that are in bold, we define them in the *Glossary* section

Contact us

For questions about your plan, you can contact us by:

- Calling the toll-free number on your ID card
- Writing us at 1550 Utica Avenue South, Suite 250, St. Louis Park, Minnesota 55416-5380
- Visiting <https://www.allinahealthaetna.com/> to access your member website

Your member website is available 24/7. With your member website, you can:

- See your coverage, benefits and costs
- Print an ID card and various forms
- Find a **provider**, research **providers**, care and treatment options
- View and manage claims
- Find information on health and wellness

Your ID card

Show your ID card each time you get **covered services** from a **provider**. Only members on your plan can use your ID card. We will mail you your ID card. If you haven't received it before you need **covered services**, or if you lose it, you can print a temporary one using your member website.

Wellness and other rewards

You may be eligible to earn rewards for completing certain activities that improve your health, coverage, and experience with us. We may encourage you to access certain health services or categories of healthcare **providers**, participate in programs, including but not limited to financial wellness programs; utilize tools, improve your health metrics or continue participation as an Allina Health | Aetna member through incentives. Talk with your **provider** about these and see if they are right for you. We may provide incentives based on your participation and outcomes such as:

- Modifications to **copayment**, **deductible** or **coinsurance** amounts
- Contributions to a health savings account
- Merchandise
- Coupons
- Gift cards or debit cards
- Any combination of the above

Discount arrangements

We can offer you discounts on health care related goods or services. Sometimes, other companies provide these discounted goods and services. These companies are called “third-party service providers”. These third-party service providers may pay us so that they can offer you their services.

Third-party service providers are independent contractors. The third-party service provider is responsible for the goods or services they deliver. We are not responsible; but, we have the right to change or end the arrangements at any time.

These discount arrangements are not insurance. We don’t pay the third-party service providers for the services they offer. You are responsible for paying for the discounted goods or services.

Coverage and exclusions

Providing covered services

Your plan provides **covered services**. These are:

- Described in this section.
- Not listed as an exclusion in this section or the *General plan exclusions* section.
- Not beyond any limits in the schedule of benefits.
- **Medically necessary**. See the *How your plan works – Medical necessity and precertification requirements* section and the *Glossary* for more information.

For **covered services** under the outpatient **prescription** drug plan:

- You need a **prescription** from the prescribing **provider**
- You need to show your ID card to the network pharmacy when you get a **prescription** filled

This plan provides insurance coverage for many kinds of **covered services**, such as a doctor's care and **hospital stays**, but some services aren't covered at all or are limited. For other services, the plan pays more of the expense. For example:

- **Physician** care generally is covered but **physician** care for cosmetic **surgery** is never covered. This is an exclusion.
- Home health care is generally covered but it is a **covered service** only up to a set number of visits a year. This is a limitation.
- Your **provider** may recommend services that are considered **experimental or investigational** services. But an **experimental or investigational** service is not covered and is also an exclusion, unless it is recognized as part of an approved clinical trial when you have cancer or a **terminal illness**. See *Clinical trials* in the list of services below.
- Preventive services. Usually the plan pays more, and you pay less. Preventive services are designed to help keep you healthy, supporting you in achieving your best health. To find out what these services are, see the *Preventive care* section in the list of services below. To find out how much you will pay for these services, see *Preventive care* in your schedule of benefits.

Some services require **precertification** from us. For more information see the *How your plan works – Medical necessity and precertification requirements* section.

The **covered services** and exclusions below appear alphabetically to make it easier to find what you're looking for. If a service isn't listed here as a **covered service** or is listed as not covered under a specific service, it still may be covered. If you have questions, ask your **provider** or contact us. You can find out about limitations for **covered services** in the schedule of benefits.

Acupuncture

Covered services include manual or electro acupuncture.

The following are not **covered services**:

- Acupressure

Ambulance services

An ambulance is a vehicle staffed by medical personnel and equipped to transport an ill or injured person.

Emergency

Covered services include emergency transport to a **hospital** by a licensed ambulance:

- To the first **hospital** to provide **emergency services**
- From one **hospital** to another if the first **hospital** can't provide the **emergency services** you need
- When your condition is unstable and requires medical supervision and rapid transport

Non-emergency

Covered services also include precertified transportation to a **hospital** by a licensed ambulance:

- From a **hospital** to your home or to another facility if an ambulance is the only safe way to transport you
- From your home to a **hospital** if an ambulance is the only safe way to transport you; limited to 100 miles
- When during a covered inpatient **stay** at a **hospital, skilled nursing facility** or acute rehabilitation **hospital**, an ambulance is required to safely and adequately transport you to or from inpatient or outpatient treatment

The following are not **covered services**:

- Non-emergency airplane transportation by an **out-of-network provider**
- Ambulance services for routine transportation to receive outpatient or inpatient services

Applied behavior analysis

Covered services include certain early intensive behavioral interventions such as applied behavior analysis, intensive early intervention behavior therapy, and intensive behavior intervention. Applied behavior analysis is an educational service that is the process of applying interventions that:

- Systematically change behavior
- Are responsible for observable improvements in behavior

Important note:

Applied behavior analysis may require **precertification** by us. See the *How your plan works – Medical necessity and precertification* section.

Autism spectrum disorder

Autism spectrum disorder is defined in the most recent edition of the *Diagnostic and Statistical Manual of Mental Disorders* (DSM) of the American Psychiatric Association.

Covered services include services and supplies provided by a **physician** or **behavioral health provider** for:

- The diagnosis and treatment of autism spectrum disorder
- Physical, occupational, and speech therapy associated with the diagnosis of autism spectrum disorder
- Neurodevelopmental and behavioral health treatments and management

Behavioral health

Mental health disorders treatment

Covered services include the treatment of **mental health disorders** provided by a **hospital, psychiatric hospital, residential treatment facility, physician, or behavioral health provider** including:

- Inpatient **room and board** at the **semi-private room rate** (your plan will cover the extra expense of a private room when appropriate because of your medical condition), and other services and supplies related to your condition that are provided during your **stay** in a **hospital, psychiatric hospital, or residential treatment facility**.
- Outpatient treatment received while not confined as an inpatient in a **hospital, psychiatric hospital, or residential treatment facility**, including:
 - Office visits to a **physician** or **behavioral health provider** such as a psychiatrist, psychologist, social worker, or licensed professional counselor (includes **telehealth** consultation)
 - Court-ordered services
 - Individual, group, and family therapies for the treatment of **mental health disorders**
 - Other outpatient mental health treatment such as:
 - Partial hospitalization treatment provided in a facility or program for mental health treatment provided under the direction of a **physician**
 - Intensive outpatient program provided in a facility or program for mental health treatment provided under the direction of a **physician**
 - Skilled behavioral health services provided in the home, but only when all of the following criteria are met:
 - You are homebound
 - Your **physician** orders them
 - The services take the place of a **stay** in a **hospital** or a **residential treatment facility**, or you are unable to receive the same services outside your home
 - The skilled behavioral health care is appropriate for the active treatment of a condition, illness, or disease
 - Electro-convulsive therapy (ECT)
 - Transcranial magnetic stimulation (TMS)
 - Psychological testing
 - Neuropsychological testing
 - Observation
 - Peer counseling support by a peer support specialist

Substance related disorders treatment

Covered services include the treatment of **substance related disorders** provided by a **hospital, psychiatric hospital, residential treatment facility, physician, or behavioral health provider** as follows:

- Inpatient **room and board**, at the **semi-private room rate** (your plan will cover the extra expense of a private room when appropriate because of your medical condition), and other services and supplies that are provided during your **stay** in a **hospital, psychiatric hospital, or residential treatment facility**.
- Outpatient treatment received while not confined as an inpatient in a **hospital, psychiatric hospital, or residential treatment facility**, including:
 - Office visits to a **physician** or **behavioral health provider** such as a psychologist, social worker, or licensed professional counselor (includes **telehealth** consultation)
 - Individual, group, and family therapies for the treatment of **substance related disorders**
 - Other outpatient **substance related disorders** treatment such as:
 - Partial hospitalization treatment provided in a facility or program for treatment of **substance related disorders** provided under the direction of a **physician**
 - Intensive outpatient program provided in a facility or program for treatment of **substance related disorders** provided under the direction of a **physician**

- Ambulatory or outpatient **detoxification** which includes outpatient services that monitor withdrawal from alcohol or other substances, including administration of medications
- Observation
- Peer counseling support by a peer support specialist

Behavioral health important note:

A peer support specialist serves as a role model, mentor, coach, and advocate. They must be certified by the state where the services are provided or a private certifying organization recognized by us. Peer support must be supervised by a **behavioral health provider**.

Cleft lip and cleft palate

Covered services include inpatient and outpatient medical and dental treatment for a covered dependent. This includes orthodontic treatment and oral **surgery** for the management of birth defects known as cleft lip and cleft palate.

For covered dependents age 19 up to the limiting age, **covered services** are limited to treatment that was scheduled or initiated prior to the dependent turning age 19.

Under this provision, if orthodontic treatment services are eligible for coverage under a dental insurance plan and this plan, the dental plan is primary and this plan is secondary.

Clinical trials

Routine patient costs

Covered services include routine patient costs you have from a **provider** in connection with participation in an approved clinical trial as defined in the federal Public Health Service Act, Section 2709.

The following are not **covered services**:

- Services and supplies related to data collection and record-keeping needed only for the clinical trial
- Services and supplies provided by the trial sponsor for free
- The experimental intervention itself (except Category B investigational devices and promising **experimental or investigational** interventions for **terminal illnesses** in certain clinical trials in accordance with our policies)

Experimental or investigational therapies

Covered services include drugs, devices, treatments, or procedures from a **provider** under an “approved clinical trial”

An approved clinical trial is a phase I, phase II, phase III, or phase IV clinical trial that is conducted for the prevention, detection or treatment of cancer or a life threatening condition that is not designed to exclusively test toxicity or disease pathophysiology and must be:

- Conducted under an investigational new drug (IND) application reviewed by the United States Food and Drug Administration (FDA)
- Exempt from obtaining an investigational new drug application
- Approved or funded by:
 - The National Institutes of Health (NIH), the Centers for Disease Control and Prevention, the Agency for Health Care Research and Quality, the Centers for Medicare and Medicaid Services or a cooperating group or center for any of these entities
 - A cooperative group or center of the United States Department of Defense or the United States Department of Veteran Affairs

- A qualified nongovernmental research entity identified in the guidelines issued by the NIH for center support grants
- The United States Department of Veteran Affairs, Defense or Energy if the trial has been reviewed or approved through a system of peer review determined by the secretary to:
 - Be comparable to the system of peer review of studies and investigations used by the NIH
 - Provide an unbiased scientific review by qualified individuals who have no interest in the outcome of the review

Dental care anesthesia

Covered services include anesthesia if you:

- Are a child under age 5
- Are severely disabled
- Have a medical condition and requires hospitalization or general anesthesia for dental care treatment

The following are not **covered services**:

- The related dental service unless specifically listed as a **covered service** under this certificate.

Diabetic services, supplies, equipment, and self-care programs

Covered services include:

- Services
 - Foot care to minimize the risk of infection
- Supplies
 - Injection devices including syringes, needles and pens
 - Test strips - blood glucose, ketone and urine
 - Blood glucose calibration liquid
 - Lancet devices and kits
 - Alcohol swabs
- Equipment
 - External insulin pumps and pump supplies
 - Blood glucose monitors without special features, unless required due to blindness
- Prescribed self-care programs with a health care **provider** certified in diabetes self-care training, including medical nutrition therapy

Durable medical equipment (DME)

Covered services are DME and the accessories needed to operate it when:

- Made to withstand prolonged use
- Mainly used in the treatment of illness or injury
- Not normally used by people who do not have an illness or injury
- Not for altering air quality or temperature
- Not for exercise or training

Your plan only covers the same type of DME that Medicare covers. But, there are some DME items Medicare covers that your plan does not.

Covered services include the expense of renting or buying DME and accessories you need to operate the item from a DME supplier. If you purchase DME, that purchase is only covered if you need it for long-term use.

Covered services also include:

- One item of DME for the same or similar purpose

- Repairing DME due to normal wear and tear
- A new DME item you need because your physical condition has changed
- Buying a new DME item to replace one that was damaged due to normal wear, if it would be cheaper than repairing it or renting a similar item

The following are not **covered services**:

- Communication aid
- Elevator
- Maintenance and repairs that result from misuse or abuse
- Massage table
- Message device (personal voice recorder)
- Over bed table
- Portable whirlpool pump
- Sauna bath
- Telephone alert system
- Vision aid
- Whirlpool

Emergency services

When you experience an **emergency medical condition**, you should go to the nearest emergency room. You can also dial 911 or your local emergency response service for medical and ambulance help.

Covered services include only outpatient services to evaluate and stabilize an **emergency medical condition** in a **hospital** emergency room. You can get **emergency services** from network or **out-of-network providers**. Out-of-network **emergency services** are paid at the in-network cost share level.

If your **physician** decides you need to stay in the **hospital** (emergency admission) or receive follow-up care, these are not **emergency services**. Different benefits and requirements apply. Please refer to the *How your plan works – Medical necessity and precertification requirements* section and the *Coverage and exclusions* section that fits your situation (for example, *Hospital care* or *Physician services*). You can also contact us or your network **physician** or **primary care physician (PCP)**.

Non-emergency services

If you go to an emergency room for what is not an **emergency medical condition**, the plan may not cover your expenses. See the schedule of benefits for more information.

Gender affirming treatment

Covered services include certain services and supplies for gender affirming (sometimes called sex change) treatment.

Important note:

Visit <https://www.aetna.com/health-care-professionals/clinical-policy-bulletins.html> for detailed information about this benefit, including eligibility and **medical necessity** requirements. You can also call the toll-free number on your ID card.

Habilitation therapy services

Habilitation therapy services help you keep, learn or improve skills and functioning for daily living (e.g. therapy for a child who isn't walking or talking at the expected age). The services must follow a specific treatment plan, ordered by your **physician**. The services have to be performed by a:

- Licensed or certified physical, occupational or speech therapist
- **Hospital, skilled nursing facility** or hospice facility
- **Home health care agency**
- **Physician**

Outpatient physical, occupational, and speech therapy

Covered services include:

- Physical therapy if it is expected to develop any impaired function
- Occupational therapy if it is expected to develop any impaired function
- Speech therapy if it is expected to develop speech function that resulted from delayed development

(Speech function is the ability to express thoughts, speak words and form sentences)

The following are not **covered services**:

- Services provided in an educational or training setting or to teach sign language
- Vocational rehabilitation or employment counseling

Hearing aids for a covered person age 18 and under

Hearing aid means:

- Any wearable, non-disposable instrument or device designed to aid or make up for impaired hearing
- Parts, attachments or accessories

Covered services include prescribed hearing aids and the following hearing aid services:

- Audiometric hearing visit and evaluation for a hearing aid **prescription** performed by:
 - A **physician** certified as an otolaryngologist or otologist
 - An audiologist who:
 - Is legally qualified in audiology
 - Holds a certificate of Clinical Competence in Audiology from the American Speech and Hearing Association in the absence of any licensing requirements
 - Performs the exam at the written direction of a legally qualified otolaryngologist or otologist
- Electronic hearing aids, installed in accordance with a **prescription** written during a covered hearing exam
- Any other related services necessary to access, select, and adjust or fit a hearing aid

The following are not **covered services**:

- Replacement of a hearing aid that is lost, stolen or broken
- Replacement parts or repairs for a hearing aid
- Batteries or cords
- A hearing aid that does not meet the specifications prescribed for correction of hearing loss

Hearing exams

Covered services include hearing exams for evaluation and treatment of illness, injury or hearing loss when performed by a hearing **specialist**.

The following are not **covered services**:

- Hearing exams given during a **stay** in a **hospital** or other facility, except those provided to newborns as part of the overall **hospital stay**

Home health care

Covered services include home health care provided by a **home health care agency** in the home, but only when all of the following criteria are met:

- You are homebound
- Your **physician** orders them
- The services take the place of a **stay** in a **hospital** or a **skilled nursing facility**, or you are unable to receive the same services outside your home
- The services are a part of a home health care plan
- The services are **skilled nursing services**, home health aide services or medical social services, or are short-term speech, physical or occupational therapy
- Home health aide services are provided under the supervision of a registered nurse
- Medical social services are provided by or supervised by a **physician** or social worker

Skilled nursing services are services provided by a registered nurse or licensed practical nurse within the scope of their license.

If you are ventilator dependent, **covered services** also include 120 hours of services by a home care nurse or personal care assistant during the time you are in a **hospital**, to serve as your communicator or interpreter with **hospital** staff.

If you are discharged from a **hospital** or **skilled nursing facility** after a **stay**, the intermittent requirement may be waived to allow coverage for continuous **skilled nursing services**. See the schedule of benefits for more information on the intermittent requirement.

Short-term physical, speech, and occupational therapy provided in the home are subject to the same conditions and limitations imposed on therapy provided outside the home. See *Rehabilitation services* and *Habilitation therapy services* in this section and the schedule of benefits.

The following are not **covered services**:

- Custodial care
- Services provided outside of the home (such as in conjunction with school, vacation, work, or recreational activities)
- Transportation
- Services or supplies provided to a minor or dependent adult when a family member or caregiver is not present

Hospice care

Covered services include inpatient and outpatient hospice care when given as part of a hospice care program. The types of hospice care services that are eligible for coverage include:

- **Room and board**
- Services and supplies furnished to you on an inpatient or outpatient basis
- Services by a hospice care agency or hospice care provided in a **hospital**
- Psychological and dietary counseling
- Pain management and symptom control
- Bereavement counseling
- Respite care

Hospice care services provided by the **providers** below will be covered, even if the **providers** are not an employee of the hospice care agency responsible for your care:

- A **physician** for consultation or case management
- A physical or occupational therapist
- A **home health care agency** for:
 - Physical and occupational therapy
 - Medical supplies
 - Outpatient **prescription** drugs
 - Psychological counseling
 - Dietary counseling

The following are not **covered services**:

- Funeral arrangements
- Pastoral counseling
- Financial or legal counseling including estate planning and the drafting of a will
- Homemaker services, caretaker services, or any other services not solely related to your care, which may include:
 - Sitter or companion services for you or other family members
 - Transportation
 - Maintenance of the house

Hospital care

Covered services include inpatient and outpatient **hospital** care. This includes:

- Semi-private **room and board** (your plan will cover the extra expense of a private room when appropriate because of your medical condition)
- Services and supplies provided by the outpatient department of a **hospital**, including the facility charge
- Services of **physicians** employed by the **hospital**
- Administration of blood and blood derivatives, but not the expense of the blood or blood product

The following are not **covered services**:

- All services and supplies provided in:
 - Rest homes
 - Any place considered a person's main residence or providing mainly custodial or rest care
 - Health resorts
 - Spas
 - Schools or camps

Infertility services

Basic infertility

Covered services include seeing a **provider**:

- To diagnose and evaluate the underlying medical cause of **infertility**.
- To do **surgery** to treat the underlying medical cause of **infertility**. Examples are endometriosis **surgery** or, for men, varicocele **surgery**.

The following are not **covered services**:

- All **infertility** services associated with or in support of an ovulation induction cycle while on injectable medication to stimulate the ovaries. This includes, but is not limited to, imaging, laboratory services, and professional services.
- Intrauterine/intracervical insemination services.

Jaw joint disorder treatment

Covered services include the diagnosis, surgical and non-surgical treatment of **jaw joint disorder** by a **provider**, including:

- The jaw joint itself, such as temporomandibular joint dysfunction (TMJ) syndrome or a craniomandibular disorder
- The relationship between the jaw joint and related muscle and nerves, such as myofascial pain dysfunction (MPD)

Lyme disease treatment

Covered services include treatment of diagnosed Lyme disease.

Maternity and related newborn care

Covered services include pregnancy (prenatal) care, care after delivery and obstetrical services. After your child is born, **covered services** include:

- No less than 48 hours of inpatient care in a **hospital** after a vaginal delivery
- No less than 96 hours of inpatient care in a **hospital** after a cesarean delivery
- A shorter **stay**, if the attending **physician**, with the consent of the mother, discharges the mother or newborn earlier

If the mother is discharged earlier, the plan will pay for a minimum of 1 home visits after delivery by a health care **provider**. **Covered also include services** provided by a registered nurse include, but are not limited to, parent education, assistance and training in breast and bottle feeding, and conducting any necessary and appropriate clinical tests also services and supplies needed for circumcision by a **provider**.

The following are not **covered services**:

- Any services and supplies related to births that take place in the home or in any other place not licensed to perform deliveries

Nutritional support

For purposes of this benefit, “low protein modified food product” means foods that are specifically formulated to have less than one gram of protein per serving and are intended to be used under the direction of a **physician** for the dietary treatment of any inherited metabolic disease. Low protein modified food products do not include foods that are naturally low in protein.

Covered services include formula and low protein modified food products ordered by a **physician** for the treatment of phenylketonuria or an inherited disease of amino and organic acids.

The following are not **covered services**:

- Any food item, including:
 - Infant formulas
 - Nutritional supplements
 - Vitamins
 - Medical foods
 - Other nutritional items

Oral and maxillofacial treatment (mouth, jaws and teeth)

Covered services include the following when provided by a **physician**, dentist and **hospital**:

- Cutting out:
 - Cysts, tumors, or other diseased tissues
- Cutting into gums and tissues of the mouth:
 - Only when not associated with the removal, replacement or repair of teeth

Outpatient surgery

Covered services include services provided and supplies used in connection with outpatient **surgery** performed in a **surgery** center or a **hospital’s** outpatient department.

Important note:

Some surgeries can be done safely in a **physician’s** office. For those surgeries, your plan will pay only for **physician, PCP** services and not for a separate fee for facilities.

The following are not **covered services**:

- A **stay** in a **hospital** (see *Hospital care* in this section)
- Services of another **physician** for the administration of a local anesthetic

Pediatric streptococcal conditions

Covered services include services related to the treatment of pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections (PANDAS) and for treatment for pediatric acute onset neuropsychiatric syndrome (PANS) including:

- Behavioral therapies to manage neuropsychiatric symptoms
- Plasma exchange
- Immunoglobulin
- Antibiotics and medications

Medications are considered **covered services** under the *Prescription drugs-outpatient* provision.

Physician services

Covered services include services by your **physician** to treat an illness or injury. You can get services:

- At the **physician's** office
- In your home
- In a **hospital**
- From any other inpatient or outpatient facility
- By way of **telehealth**

Important note:

For behavioral health services, all in-person, **covered services** with a **behavioral health provider** are also **covered services** if you use **telehealth** instead.

Other services and supplies that your **physician** may provide:

- Allergy testing and allergy injections
- Radiological supplies, services, and tests
- Immunizations that are not covered as preventive care

Port wine stain elimination

Covered services include services for elimination or maximum feasible treatment of port wine stains.

Prescription drugs - outpatient

Read this section carefully. This plan does not cover all **prescription** drugs and some coverage may be limited. This doesn't mean you can't get **prescription** drugs that aren't covered; you can, but you have to pay for them yourself. For more information about **prescription** drug benefits, including limits, see the schedule of benefits.

Important note:

A pharmacy may refuse to fill or refill a **prescription** when, in the professional judgement of the pharmacist, it should not be filled or refilled.

Your plan provides standard safety checks to encourage safe and appropriate use of medications. These checks are intended to avoid adverse events and align with the medication's FDA-approved prescribing information and current published clinical guidelines and treatment standards. These checks are routinely updated as new medications come to market and as guidelines and standards are updated.

Covered services are based on the drugs in the **drug guide**. We exclude **prescription** drugs listed on the **formulary exclusions list** unless we approve a medical exception. The formulary exclusions list is a list of **prescription** drugs not covered under the plan. This list is subject to change. If it is **medically necessary** for you to use a **prescription** drug that is not on this **drug guide**, you or your **provider** must request a medical exception. See *the Requesting a medical exception* section or just contact us.

Your **provider** can give you a **prescription** in different ways including:

- A written **prescription** that you take to a network pharmacy
- Calling or e-mailing a **prescription** to a network pharmacy
- Submitting the **prescription** to a network pharmacy electronically

Prescription drug synchronization

If you are prescribed multiple maintenance medications and would like to have them each dispensed on the same fill date for your convenience, your network pharmacy can coordinate that for you. This is called synchronization. We will apply a prorated daily cost share rate, to a partial fill of a maintenance drug, if needed, to synchronize your **prescription** drugs.

How to access network pharmacies

You can find a network pharmacy either online or by phone. See the *Contact us* section for how.

You may go to any of our network pharmacies. Pharmacies include network **retail**, **mail order** and **specialty pharmacies**.

Some **prescription** drugs are subject to quantity limits. This helps your **provider** and pharmacy ensure your **prescription** drug is being used correctly and safely. We rely on medical guidelines, FDA-approved recommendations and other criteria developed by us to set these limits.

Any **prescription** drug made to work beyond one month shall require the **copayment** amount that equals the expected duration of the medication.

The pharmacy may substitute a **generic prescription drug** for a **brand-name prescription drug**. Your cost share may be less if you use a **generic drug** when it is available.

Pharmacy types

Retail pharmacy

A **retail pharmacy** may be used for up to a 90 day supply of **prescription** drugs. A network **retail pharmacy** will submit your claim. You will pay your cost share directly to the pharmacy. There are no claim forms to complete or submit.

Mail order pharmacy

The drugs available through mail order are maintenance drugs that you take on a regular basis for a chronic or long-term medical condition. Each **prescription** and refill is limited to a maximum 90 day supply.

Prescription refills after the initial fill can be filled at a network **mail order pharmacy**.

Specialty pharmacy

We cover **specialty prescription drugs** when filled through a network **retail** or **specialty pharmacy**.

Each **prescription** is limited to a maximum 30 day supply. You can view the list of **specialty prescription drugs**. See the *Contact us* section for how.

All **specialty prescription drug** fills after the initial fill must be filled at a network **specialty pharmacy** unless it is an urgent situation.

Prescription drugs covered by this plan are subject to misuse, waste, or abuse utilization review by us, your **provider**, and/or your network pharmacy. The outcome of this review may include:

- Limiting coverage of a drug to one prescribing **provider** or one network pharmacy
- Quantity, dosage or day supply limits
- Requiring a partial fill or denial of coverage

How to access out-of-network pharmacies

You can directly access an out-of-network pharmacy to get covered outpatient **prescription drugs**.

When you use an out-of-network pharmacy, you pay your in-network **copayment** or **coinsurance** then you pay any remaining **deductible** and then you pay your out-of-network **coinsurance**. If you use an out-of-network pharmacy to obtain outpatient **prescription drugs**, you are subject to a higher out-of-pocket expense and are responsible for:

- Paying your in-network outpatient **prescription drug** cost share
- Paying your out-of-network outpatient **prescription drug deductible**
- Your out-of-network **coinsurance**
- Any charges over the **allowable amount**
- Submitting your own claims

How to get an emergency prescription filled

You may not have access to a network pharmacy in an emergency or urgent situation or you may be traveling outside of your plan's service area. If you must fill a **prescription** in any of these situations, we will reimburse you as shown in the table below:

Type of pharmacy	Your cost share is
A network pharmacy	The plan cost share
Out-of-network pharmacy	The full cost of the prescription

When you pay the full cost of the **prescription** at an out-of-network pharmacy:

- You will fill out and send a **prescription** drug refund form to us, including all itemized pharmacy receipts
- Coverage will be limited to items obtained in connection with the out-of-area emergency or urgent situation
- Submission of the refund form doesn't guarantee a refund. If approved, you will be reimbursed the cost of the **prescription** less your network cost share

Other covered services

Anti-cancer drugs taken by mouth, including chemotherapy drugs

Covered services include any drug prescribed for cancer treatment. The drug must be recognized for treating cancer in standard reference materials or medical literature even if it isn't approved by the FDA for this treatment.

For prescription drugs covered under this provision, for which certification was received, we will not impose a higher **deductible**, **copayment** or **coinsurance** not applied to **prescription drugs that are used to kill or slow the growth of cancerous cells**.

Off-label drug use

Covered services includes coverage of medically necessary services required for the appropriate administration.

For prescription drugs covered under this provision, we will not:

- Impose any **deductible**, **copayment** or **coinsurance** not applied to other **prescription drugs**

Anti-psychotic prescription drugs

Regardless of whether the drug is in the **drug guide**, **covered services** include antipsychotic prescription drugs prescribed to treat an emotional disturbance or mental disorder if the prescriber:

- Indicates to the pharmacy, verbally or in writing, that the prescription must be dispensed as communicated
- Certifies in writing to us that the prescribing provider considered all equivalent drugs in the **drug guide** and determined that the drug prescribed will best treat your condition

We will not provide coverage for a drug if the drug was removed for the **drug guide** for safety reasons.

For prescription drugs covered under this provision, for which certification was received, we will not:

- Impose a special **deductible**, **copayment** or **coinsurance** not applied to **prescription drugs** that are in the **drug guide**
- Require written certification each time the **prescription** is refilled or renewed

In addition, if the **prescription drug** used to treat the **mental disorder** or emotional disturbance has shown to effectively treat your condition, you may continue to receive the **prescription drug** for up to 1 year without the imposition of special payment requirements when:

- The **drug guide** changes
- You change health plans

In order to be eligible for continuity of care:

- You must have been treated with the **prescription drug** for 90 days prior to the change
- Your prescriber must:
 - Indicate to the pharmacy, verbally or in writing that the **prescription** must be dispensed as communicated
 - Certify in writing to us that the **prescription drug** will best treat your condition

The continuing care benefit will be extended annually when:

- The prescriber re-indicates dispensed as communicated
- Renews the certification with us

We will grant a medical exception to the **drug guide** when the prescriber indicates that the:

- **Drug guide prescription drug**
 - Caused an adverse reaction
 - Is contraindicated for you
- **Prescription drug** must be Dispensed as Written (DAW) to provide maximum medical benefits to you

Contraceptives (birth control)

For females who are able to become pregnant, **covered services** include certain drugs and devices that the FDA has approved to prevent pregnancy. You will need a **prescription** from your **provider** and must fill it at a network pharmacy. At least one form of each FDA-approved contraception method is a **covered service**. You can access a list of covered drugs and devices. See the *Contact us* section for how.

We also cover over-the-counter (OTC) and **generic prescription drugs** and devices for each method of birth control approved by the FDA at no cost to you. If a generic drug or device is not available for a certain method, we will cover the **brand-name prescription drug** or device at no cost share.

Preventive contraceptives important note:

You may qualify for a medical exception if your **provider** determines that the contraceptives covered as preventive **covered services** under the plan are not medically appropriate for you. Your **provider** may request a medical exception and submit it to us for review. If the exception is approved, the **brand-name prescription drug** contraceptive will be covered at 100%.

Diabetic supplies

Covered services include but are not limited to the following:

- Alcohol swabs
- Blood glucose calibration liquid
- Diabetic syringes, needles and pens
- Continuous glucose monitors
- Insulin infusion disposable pumps
- Lancet devices and kits
- Test strips for blood glucose, ketones, urine

See the *Diabetic services, supplies, equipment, and self-care programs* section for medical **covered services**.

Immunizations

Covered services include preventive immunizations as required by the ACA when given by a network pharmacy. You can find a participating network pharmacy by contacting us. Check with the pharmacy before you go to make sure the vaccine you need is in stock. Not all pharmacies carry all vaccines.

OTC drugs

Covered services include certain OTC medications when you have a **prescription** from your **provider**. You can see a list of covered OTC drugs by logging on to the Allina Health | Aetna website.

Preventive care drugs and supplements

Covered services include preventive care drugs and supplements, including OTC ones, as required by the ACA.

Risk reducing breast cancer prescription drugs

Covered services include **prescription** drugs used to treat people who are at:

- Increased risk for breast cancer
- Low risk for medication side effects

Tobacco cessation prescription and OTC drugs

Covered services include FDA approved **prescription** and OTC drugs to help stop the use of tobacco products. You must receive a **prescription** from your **provider** and submit the **prescription** to the pharmacy for processing.

The following are not **covered services**:

- Abortion drugs
- Allergy sera and extracts given by injection
- Any services related to providing, injecting or application of a drug
- Compounded **prescriptions** containing bulk chemicals not approved by the FDA including compounded bioidentical hormones
- Cosmetic drugs including medication and preparations used for cosmetic purposes
- Devices, products and appliances unless listed as a **covered service**
- Dietary supplements including medical foods
- Drugs or medications
 - Administered or entirely consumed at the time and place it is prescribed or provided

- Which do not require a **prescription** by law, even if a **prescription** is written, unless we have approved a medical exception
 - That is therapeutically the same or an alternative to a covered **prescription** drug, unless we approve a medical exception
 - Not approved by the FDA or not proven safe or effective
 - Provided under your medical plan while inpatient at a healthcare facility
 - Recently approved by the FDA but not reviewed by our Pharmacy and Therapeutics Committee, unless we have approved a medical exception
 - That include vitamins and minerals unless recommended by the United States Preventive Services Task Force (USPSTF)
 - That are used to treat sexual dysfunction, enhance sexual performance or increase sexual desire, including drugs, implants, devices or preparations to correct or enhance erectile function, enhance sensitivity or alter the shape or appearance of a sex organ unless listed as a **covered service**
 - That are used for the purpose of weight gain or loss including but not limited to stimulants, preparations, foods or diet supplements, dietary regimens and supplements, food or food supplements, appetite suppressants or other medications
 - That are drugs or growth hormones used to stimulate growth and treat idiopathic short stature unless there is evidence that the member meets one or more clinical criteria detailed in our **precertification** and clinical policies
- Duplicative drug therapy; for example, two antihistamines for the same condition
 - Genetic care including:
 - Any treatment, device, drug, service or supply to alter the body's genes, genetic makeup or the expression of the body's genes
 - Immunizations related to travel or work
 - Immunization or immunological agents except as specifically stated in the schedule of benefits or the certificate
 - Implantable drugs and associated devices except as specifically stated in the schedule of benefits or the certificate
 - **Infertility:**
 - **Prescription** drugs used primarily for the treatment of **infertility**
 - Injectables including:
 - Any charges for the administration or injection of **prescription** drugs
 - Needles and syringes except for those used for insulin administration
 - Any drug which, due to its characteristics as determined by us, must typically be administered or supervised by a qualified **provider** or licensed certified **health professional** in an outpatient setting with the exception of Depo Provera and other injectable drugs for contraception
 - Off-label drug use
 - Drugs used for the treatment of cancer even if the drug has not been approved by the federal Food and Drug Administration for indications recognized through peer reviewed medical literature.
 - Off-label drugs not listed on the formulary
 - **Prescription** drugs:
 - That are ordered by a dentist or prescribed by an oral surgeon in relation to the removal of teeth or **prescription** drugs for the treatment to a dental condition
 - That are considered oral dental preparations and fluoride rinses except pediatric fluoride tablets or drops as specified on the plan's **drug guide**
 - That are being used or abused in a manner that is determined to be furthering an addiction to a habit-forming substance, or drugs obtained for use by anyone other than the member as identified on the ID card

- Replacement of lost or stolen **prescriptions**
- Test agents except diabetic test agents
- Tobacco cessation drugs, unless recommended by the USPSTF
- We reserve the right to exclude:
 - A manufacturer's product when the same or similar drug (one with the same active ingredient or same therapeutic effect), supply or equipment is on the plan's **drug guide**
 - Any dosage or form of a drug when the same drug is available in a different dosage or form on the plan's **drug guide**

Preventive care

Preventive **covered services** are designed to help keep you healthy, supporting you in achieving your best health through early detection. If you need further services or testing such as diagnostic testing, you may pay more as these services aren't preventive. If a **covered service** isn't listed here under preventive care, it still may be covered under other **covered services** in this section. For more information, see your schedule of benefits.

The following agencies set forth the preventive care guidelines in this section:

- Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention (CDC)
- United States Preventive Services Task Force (USPSTF)
- Health Resources and Services Administration
- American Academy of Pediatrics/Bright Futures/Health Resources and Services Administration guidelines for children and adolescents

These recommendations and guidelines may be updated periodically. When updated, they will apply to this plan. The updates are effective on the first day of the year, one year after the updated recommendation or guideline is issued.

For frequencies and limits, contact your **physician** or us. This information is also available at <https://www.healthcare.gov/>.

Important note:

Gender-specific preventive care benefits include **covered services** described regardless of the sex you were assigned at birth, your gender identity, or your recorded gender.

Breast-feeding support and counseling services

Covered services include assistance and training in breast-feeding and counseling services during pregnancy or after delivery. Your plan will cover this counseling only when you get it from a certified breast-feeding support provider.

Breast pump, accessories and supplies

Covered services include renting or buying equipment you need to pump and store breast milk.

Coverage for the purchase of breast pump equipment is limited to one item of equipment, for the same or similar purpose, and the accessories and supplies needed to operate the item. You are responsible for the entire cost of any additional pieces of the same or similar equipment you purchase or rent for personal convenience or mobility.

Counseling services

Covered services include preventive screening and counseling by your **health professional** for:

- Alcohol or drug misuse
 - Preventive counseling and risk factor reduction intervention

- Structured assessment
- Genetic risk for breast and ovarian cancer
- Obesity and healthy diet
 - Preventive counseling and risk factor reduction intervention
 - Nutritional counseling
 - Healthy diet counseling provided in connection with hyperlipidemia (high cholesterol) and other known risk factors for cardiovascular and diet-related chronic disease
- Sexually transmitted infection
- Tobacco cessation
 - Preventive counseling to help stop using tobacco products
 - Treatment visits
 - Class visits

Family planning services – female contraceptives

Covered services include family planning services as follows:

- Counseling services provided by a **physician** on contraceptive methods. These will be covered when you get them in either a group or individual setting.
- Contraceptive devices (including any related services or supplies) when they are provided, administered, or removed by a **physician** during an office visit.
- Voluntary sterilization including charges billed separately by the **provider** for female voluntary sterilization procedures and related services and supplies. This also could include tubal ligation and sterilization implants.

The following are not preventive **covered services**:

- Services provided as a result of complications resulting from a voluntary sterilization procedure and related follow-up care
- Any contraceptive methods that are only “reviewed” by the FDA and not “approved” by the FDA
- Male contraceptive methods, sterilization procedures or devices

Immunizations

Covered services include preventive immunizations for infectious diseases. This includes those for **child health supervision**.

The following are not preventive **covered services**:

- Immunizations that are not considered preventive care, such as those required due to your employment or travel

Prenatal care

Covered services include your routine pregnancy physical exams at the **physician, PCP, OB, GYN or OB/GYN** office. The exams include initial and subsequent visits for:

- Anemia screening
- Blood pressure
- Chlamydia infection screening
- Fetal heart rate check
- Fundal height
- Gestational diabetes screening
- Gonorrhea screening
- Hepatitis B screening
- Maternal weight
- Rh incompatibility screening

Routine cancer screenings

Covered services include the following routine cancer screenings:

- Colonoscopies including pre-procedure **specialist** consultation, removal of polyps during a screening procedure, and a pathology exam on any removed polyp
- Digital rectal exams (DRE)
- Double contrast barium enemas (DCBE)
- Fecal occult blood tests (FOBT)
- Lung cancer screenings
- Mammograms – includes digital breast tomosynthesis for a person **at risk for breast cancer**
- Prostate specific antigen (PSA) tests
- Sigmoidoscopies
- Surveillance tests for ovarian cancer for women **at risk for ovarian cancer**- includes
 - CA-125 serum tumor marker testing
 - transvaginal ultrasound
 - pelvic examination
 - other proven ovarian cancer screening tests currently being evaluated by the Food and Drug Administration or the National Cancer Institute

*Screenings for men age 40 or over who are symptomatic or in a high-risk category and for all men age 50 or older.

Routine physical exams

A routine preventive exam is a medical exam given for a reason other than to diagnose or treat a suspected or identified illness or injury and also includes:

- Evidence-based items that have in effect a rating of A or B in the current recommendations of the United States Preventive Services Task Force.
- Services as recommended in the American Academy of Pediatrics/Bright Futures/Health Resources and Services Administration guidelines for children and adolescents.
- Screenings and counseling services as provided for in the comprehensive guidelines recommended by the Health Resources and Services Administration. These services may include but are not limited to:
 - Screening and counseling services on topics such as:
 - Interpersonal and domestic violence
 - Sexually transmitted diseases
 - Human immune deficiency virus (HIV) infections
 - High risk human papillomavirus (HPV) DNA testing for women

Covered services include:

- **Child health supervision**
- Office visit to a **physician**
- Hearing screening
- Vision screening
- Radiological services, lab and other tests
- For covered newborns, an initial **hospital** checkup

Covered services do not include routine:

- physical exams
- eye exams
- dental exams
- hearing exams

and other preventive services and supplies, except as specifically provided in accordance with the guidelines

specified above.

Well woman preventive visits

A routine well woman preventive exam is a medical exam given for a reason other than to diagnose or treat a suspected or identified illness or injury and also includes:

- Office visit to a **physician, PCP**, OB, GYN or OB/GYN for services including Pap smears
- Preventive care breast cancer (BRCA) gene blood testing
- Screening for diabetes after pregnancy for women with a history of diabetes during pregnancy
- Screening for urinary incontinence

Private duty nursing - outpatient

Covered services include private duty nursing care provided by an R.N. or L.P.N. when:

- You are homebound
- Your **physician** orders services as part of a written treatment plan
- Services take the place of a **hospital or skilled nursing facility stay**
- Your condition is serious, unstable, and requires continuous skilled 1-on-1 nursing care
- Periodic skilled nursing visits are not adequate

The following are not **covered services**:

- Inpatient private duty nursing care
- Care provided outside the home
- Maintenance or custodial care
- Care for your convenience or the convenience of the family caregiver

Prosthetic device

A prosthetic device is

- a device that temporarily or permanently replaces all or part of an external body part lost or impaired as a result of illness, injury or congenital defects
- A scalp hair prosthesis worn for hair loss as a result of alopecia areata.

Covered services include the initial provision and subsequent replacement of a prosthetic device that your **physician** orders and administers.

Coverage includes:

- Instruction and other services (such as attachment or insertion) so you can properly use the device
- Repairing or replacing the original device you outgrow or that is no longer appropriate because your physical condition changed
- Replacements required by ordinary wear and tear or damage

If you receive a prosthetic device as part of another **covered service** and therefore it will not be covered under this benefit.

The following are not **covered services**:

- Orthopedic shoes and therapeutic shoes, unless the orthopedic shoe is an integral part of a covered leg brace
- Trusses, corsets, and other support items
- Repair and replacement due to loss, misuse, abuse or theft

Reconstructive breast surgery and supplies

Covered services include all stages of reconstructive **surgery** by your **provider** and related supplies provided in an inpatient or outpatient setting, in a manner determined in consultation with the **provider** and you, only in the following circumstances:

- Your **surgery** reconstructs the breast where a necessary mastectomy was performed, such as an implant and areolar reconstruction. It also includes:
 - **Surgery** on a healthy breast to make it symmetrical with the reconstructed breast
 - Treatment of physical complications of all stages of the mastectomy, including lymphedema
 - Prostheses

Covered services may be subject to the annual **deductible**, **copayment** or **coinsurance** and are consistent with other benefits under the plan.

Reconstructive surgery and supplies

Covered services include all stages of reconstructive **surgery** by your **provider** and related supplies provided in an inpatient or outpatient setting only in the following circumstances:

- Your **surgery** is needed to correct an injury incidental to or following **surgery** resulting from injury of the involved body part
- Your **surgery** is to implant or attach a covered prosthetic device.
- Your **surgery** corrects a anatomical defect present at birth. The **surgery** will be covered if:
 - The defect results in facial disfigurement or functional impairment of a body part
 - The purpose of the **surgery** is to improve function
- Your **surgery** is needed because treatment of your illness resulted in facial disfigurement or functional impairment of a body part, and your **surgery** will improve function.
- Your covered dependent child's **surgery** is needed due to a congenital disease or anomaly which resulted in functional defect, as determined by their **provider**.

Covered services also include the procedures or **surgery** to sound natural teeth, injured due to an accident and performed as soon as medically possible, when:

- The teeth were stable, functional and free from decay or disease at the time of the injury.
- The **surgery** or procedure returns the injured teeth to how they functioned before the accident.

These dental related services are limited to:

- The first placement of a permanent crown or cap to repair a broken tooth
- The first placement of dentures or bridgework to replace lost teeth
- Orthodontic therapy to pre-position teeth

Short-term cardiac and pulmonary rehabilitation services

Cardiac rehabilitation

Covered services include cardiac rehabilitation services you receive at a **hospital, skilled nursing facility** or **physician's office**, but only if those services are part of a treatment plan determined by your risk level and ordered by your **physician**.

Pulmonary rehabilitation

Covered services include pulmonary rehabilitation services as part of your inpatient **hospital stay** if they are part of a treatment plan ordered by your **physician**. A course of outpatient pulmonary rehabilitation may also be covered if it is performed at a **hospital, skilled nursing facility**, or **physician's office**, is used to treat reversible pulmonary disease states, and is part of a treatment plan ordered by your **physician**.

Short-term rehabilitation services

Short-term rehabilitation services help you restore or develop skills and functioning for daily living. The services must follow a specific treatment plan, ordered by your **physician**. The services have to be performed by a:

- Licensed or certified physical, occupational, or speech therapist
- **Hospital, skilled nursing facility**, or hospice facility
- **Home health care agency**
- **Physician**

Covered services include:

- Spinal manipulation to correct a muscular or skeletal problem. Your **provider** must establish or approve a treatment plan that details the treatment and specifies frequency and duration.

Cognitive rehabilitation, physical, occupational, and speech therapy

Covered services include:

- Physical therapy, but only if it is expected to significantly improve or restore physical functions lost as a result of an acute illness, injury, or **surgical procedure**
- Occupational therapy, but only if it is expected to do one of the following:
 - Significantly improve, develop, or restore physical functions you lost as a result of an acute illness, injury, or **surgical procedure**
 - Help you relearn skills so you can significantly improve your ability to perform the activities of daily living on your own
- Speech therapy, but only if it is expected to do one of the following:
 - Significantly improve or restore lost speech function or correct a speech impairment resulting from an acute illness, injury, or **surgical procedure**
 - Improve delays in speech function development caused by a gross anatomical defect present at birth (Speech function is the ability to express thoughts, speak words and form sentences. Speech impairment is difficulty with expressing one's thoughts with spoken words.)
- Cognitive rehabilitation associated with physical rehabilitation, but only when:
 - Your cognitive deficits are caused by neurologic impairment due to trauma, stroke, or encephalopathy
 - The therapy is coordinated with us as part of a treatment plan intended to restore previous cognitive function

Short-term physical, speech and occupational therapy services provided in an outpatient setting are subject to the same conditions and limitations for outpatient short-term rehabilitation services. See the *Short-term rehabilitation services* section in the schedule of benefits.

The following are not **covered services**:

- Services provided in an educational or training setting or to teach sign language
- Vocational rehabilitation or employment counseling

Skilled nursing facility

Covered services include **precertified** inpatient **skilled nursing facility** care. This includes:

- **Room and board**, up to the **semi-private room rate**
- Services and supplies provided during a **stay** in a **skilled nursing facility**

Telehealth

Covered services include **telehealth** consultations when provided by a **physician, specialist, behavioral health provider** or other **telehealth provider** acting within the scope of their license.

Covered services for **telehealth** consultations are available from a number of different kinds of **providers** under your plan. Log in to your member website at <https://allinahealthaetna.com/> to review our **telehealth provider** listing and Contact us to get more information about your options, including specific cost sharing amounts

The following are not **covered services**:

- Services given when you are not present at the same time as the **provider**
- Services including:
 - Telephone calls
 - **Telehealth** kiosks
 - Electronic vital signs monitoring or exchanges, (e.g. Tele-ICU, Tele-stroke)

Tests, images and labs - outpatient

Diagnostic complex imaging services

Covered services include:

- Computed tomography (CT) scans, including for preoperative testing
- Magnetic resonance imaging (MRI) including magnetic resonance spectroscopy (MRS), magnetic resonance venography (MRV) and magnetic resonance angiogram (MRA)
- Nuclear medicine imaging including positron emission tomography (PET) scans
- Other imaging service where the billed charge exceeds \$500

Complex imaging for preoperative testing is covered under this benefit.

Diagnostic lab work

Covered services include:

- Lab
- Pathology
- Other tests

These are covered only when you get them from a licensed radiology **provider** or lab.

Diagnostic x-ray and other radiological services

Covered services include x-rays, scans and other services (but not complex imaging) only when you get them from a licensed radiology **provider**. See *Diagnostic complex imaging services* above for more information.

Therapies – chemotherapy, GCIT, infusion, radiation

Chemotherapy

Covered services for chemotherapy depend on where treatment is received. In most cases, chemotherapy is covered as outpatient care. However, your **hospital** benefit covers the initial dose of chemotherapy after a cancer diagnosis during a **hospital stay**.

Gene-based, cellular and other innovative therapies (GCIT)

Covered services include GCIT provided by a **physician, hospital** or other **provider**.

Key Terms

Here are some key terms we use in this section. These will help you better understand GCIT.

Gene

A gene is a unit of heredity which is transferred from a parent to child and is thought to determine some feature of the child.

Molecular

Molecular means relating to or consisting of molecules. A molecule is a group of atoms bonded together, making the smallest vital unit of a chemical compound that can take part in a chemical reaction.

Therapeutic

Therapeutic means a treatment, therapy, or drug meant to have a good effect on the body or mind; adding to a sense of well-being.

GCIT are defined as any services that are:

- Gene-based
- Cellular and innovative therapeutics

The services have a basis in genetic/molecular medicine and are not covered under the Institutes of Excellence™ (IOE) programs. We call these “GCIT services.”

GCIT **covered services** include:

- Cellular immunotherapies.
- Genetically modified viral therapy.
- Other types of cells and tissues from and for use by the same person (autologous) and cells and tissues from one person for use by another person (allogenic) for treatment of certain conditions.
- All human gene-based therapy that seeks to change the usual function of a gene or alter the biologic properties of living cells for therapeutic use. Examples include therapies using:
 - Luxturna® (Voretigene neparvovec)
 - Zolgensma® (Onasemnogene abeparvovec-xioi)
 - Spinraza® (Nusinersen)
- Products derived from gene editing technologies, including CRISPR-Cas9.
- Oligonucleotide-based therapies. Examples include:
 - Antisense. An example is Spinraza (Nusinersen).
 - siRNA.
 - mRNA.
 - microRNA therapies.

Facilities/providers for gene-based, cellular and other innovative therapies

We designate facilities to provide GCIT services or procedures. GCIT **physicians, hospitals** and other **providers** are GCIT-designated facilities/**providers** for Allina Health | Aetna and CVS Health.

Important note:

You must get GCIT **covered services** from a GCIT-designated facility/**provider**. If there are no GCIT-designated facilities/**providers** assigned in your network, it's important that you contact us so we can help you determine if there are other facilities that may meet your needs. If you don't get your GCIT services at the facility/**provider** we designate, they will not be **covered services**.

Infusion therapy

Infusion therapy is the intravenous (IV) administration of prescribed medications or solutions. **Covered services** include infusion therapy you receive in an outpatient setting including but not limited to:

- A freestanding outpatient facility
- The outpatient department of a **hospital**
- A **physician's** office
- Your home from a home care **provider**

Covered services also include the treatment of pediatric autoimmune neuropsychiatric disorders associated with the streptococcal infections and pediatric acute onset neuropsychiatric syndrome, including but not limited to the use of intravenous immunoglobulin therapy.

You can access the list of preferred infusion locations by contacting us.

When Infusion therapy services and supplies are provided in your home, they will not count toward any applicable home health care maximums.

Certain infused medications may be covered under the outpatient **prescription** drug benefit. You can access the list of **specialty prescription drugs** by contacting us.

Radiation therapy

Covered services include the following radiology services provided by a **health professional**:

- Accelerated particles
- Gamma ray
- Mesons
- Neutrons
- Radioactive isotopes
- Radiological services
- Radium

Transplant services

Covered services include transplant services provided by a **physician** and **hospital**.

This includes the following transplant types:

- Solid organ
- Hematopoietic stem cell
- Bone marrow
- CAR-T and T Cell receptor therapy for FDA-approved treatments
- Thymus tissue for FDA-approved treatments

Covered services also include:

- Travel and lodging expenses
 - If you are working with an IOE facility that is 100 or more miles away from where you live, travel and lodging expenses are **covered services** for you and a companion, to travel between home and the IOE facility
 - Coach class air fare, train or bus travel are examples of **covered services**

Network of transplant facilities

We designate facilities to provide specific services or procedures. They are listed as IOE facilities in your **provider** directory.

The amount you will pay for covered transplant services depends on where you get the care. Your cost share will be lower when you get transplant services from the facility we designate to perform the transplant you need. Transplant services received from an IOE facility are subject to the network **copayment, coinsurance, deductible, maximum out-of-pocket** and limits, unless stated differently in this certificate and schedule of benefits. You may also get transplant services at a non-IOE facility, but your cost share will be higher. Transplant services received from a non-IOE facility are subject to the out-of-network **copayment, coinsurance, deductible, maximum out-of-pocket**, and limits, unless stated differently in this certificate and schedule of benefits.

Important note:

If there are no IOE facilities assigned to perform your transplant type in your network, it's important that you contact us so we can help you determine if there are other facilities that may meet your needs. If you don't get your transplant services at the facility we designate, your cost share will be higher.

Many pre and post-transplant medical services, even routine ones, are related to and may affect the success of your transplant. If your transplant care is being coordinated by the National Medical Excellence® (NME) program, all medical services must be managed through NME so that you receive the highest level of benefits at the appropriate facility. This is true even if the **covered service** is not directly related to your transplant.

The following are not **covered services**:

- Services and supplies furnished to a donor when the recipient is not a covered person
- Harvesting and storage of organs, without intending to use them for immediate transplantation for your existing illness
- Harvesting and/or storage of bone marrow, hematopoietic stem cells, or other blood cells without intending to use them for transplantation within 12 months from harvesting, for an existing illness

Urgent care services

Covered services include services and supplies to treat an urgent condition at an urgent care center. An urgent condition is an illness or injury that requires prompt medical attention but is not a life-threatening **emergency medical condition**. An urgent care center is a facility licensed as a freestanding medical facility to treat urgent conditions.

Covered services include services and supplies to treat an urgent condition as described below:

- Urgent condition within the network, (in-network)
 - If you need care for an urgent condition, you should first seek care through your **physician, PCP**. If your **physician** is not reasonably available, you may access urgent care from an urgent care center that is in-network.
- Urgent condition outside the network, (out-of-network)
 - You are covered for urgent care obtained from a facility that is out-of-network if you are temporarily unable to get services in-network and the service can't be delayed.

If you go to an urgent care center for what is not an urgent condition, the plan may not cover your expenses. See the schedule of benefits for more information.

Vision care

Covered services include:

- Routine vision exam provided by an ophthalmologist or optometrist including refraction and glaucoma testing

The following are not **covered services**:

- Office visits to an ophthalmologist, optometrist or optician related to the fitting of **prescription** contact lenses
- Eyeglass frames, non-**prescription** lenses and non-**prescription** contact lenses that are for cosmetic purposes

Walk-in clinic

Covered services include, but are not limited to, health care services provided through a **walk-in clinic** for:

- Scheduled and unscheduled visits for illnesses and injuries that are not **emergency medical conditions**
- Preventive care immunizations administered within the scope of the clinic's license
- Individual screening and counseling services that will help you:
 - With obesity or healthy diet
 - To stop using tobacco products

General plan exclusions

The following are not **covered services** under your plan:

Behavioral health treatment

Services for the following based on categories, conditions, diagnoses, or equivalent terms as listed in the most recent version of the *Diagnostic and Statistical Manual of Mental Disorders* (DSM) of the American Psychiatric Association:

- **Stay** in a facility for treatment for dementia and amnesia without a behavioral disturbance that necessitates mental health treatment
- School and/or education service, including special education, remedial education, wilderness treatment programs, or any such related or similar programs
- Services provided in conjunction with school, vocation, work or recreational activities
- Transportation
- Sexual deviations and disorders except for gender identity disorders
- Tobacco use disorders and nicotine dependence except as described in the *Coverage and exclusions- Preventive care* section
- Pathological gambling, kleptomania, and pyromania

Blood, blood plasma, synthetic blood, blood derivatives or substitutes

Examples of these are:

- The provision of blood to the **hospital**, other than blood derived clotting factors
- Any related services including processing, storage or replacement expenses
- The service of blood donors, including yourself, apheresis or plasmapheresis
- The blood you donate for your own use, excluding administration and processing expenses and except where described in the *Coverage and exclusions, Transplant services* section

Cosmetic services and plastic surgery

Any treatment, **surgery** (cosmetic or plastic), service or supply to alter, improve or enhance the shape or appearance of the body, except for emergency complications from cosmetic surgery, and where described in the Coverage and exclusions section

Cost share waived

Any cost for a service when you have not paid all or part of your **copayment, coinsurance, deductible**, or any other amount required under this plan

Court-ordered services and supplies

This includes court-ordered services and supplies, or those required as a condition of parole, probation, release or because of any legal proceeding

Custodial care

Services and supplies meant to help you with activities of daily living or other personal needs.

Examples of these are:

- Routine patient care such as changing dressings, periodic turning and positioning in bed
- Administering oral medications
- Care of stable tracheostomy (including intermittent suctioning)
- Care of a stable colostomy/ileostomy
- Care of stable gastrostomy/jejunostomy/nasogastric tube (intermittent or continuous) feedings

- Care of a bladder catheter, including emptying or changing containers and clamping tubing
- Watching or protecting you
- Respite care, adult or child day care, or convalescent care
- Institutional care, including **room and board** for rest cures, adult day care and convalescent care
- Help with walking, grooming, bathing, dressing, getting in or out of bed, going to the bathroom, eating, or preparing foods
- Any other services that a person without medical or paramedical training could be trained to perform

Dental services

The following are not **covered services**:

- Services normally covered under a dental plan
- Dental implants

Educational services

Examples of these are:

- Any service or supply for education, training or retraining services or testing. This includes:
 - Special education
 - Remedial education
 - Wilderness treatment programs (whether or not the program is part of a **residential treatment facility** or otherwise licensed institution)
 - Job training
 - Job hardening programs
- Educational services, schooling or any such related or similar program, including therapeutic programs within a school setting.

Examinations

Any health or dental examinations needed:

- Because a third party requires the exam. Examples include examinations to get or keep a job, and examinations required under a labor agreement or other contract.
- To buy insurance or to get or keep a license.
- To travel
- To go to a school, camp, sporting event, or to join in a sport or other recreational activity.

Experimental or investigational

Experimental or investigational drugs, devices, treatments or procedures unless otherwise covered under clinical trials.

Foot care

Routine services and supplies for the following, unless required for the treatment of diabetes:

- Routine pedicure services, such as routine cutting of nails, when there is no illness or injury in the nails
- Supplies (including orthopedic shoes), ankle braces, guards, protectors, creams, ointments and other equipment, devices and supplies
- Treatment of calluses, bunions, toenails, hammertoes or fallen arches
- Treatment of weak feet, chronic foot pain or conditions caused by routine activities, such as walking, running, working, or wearing shoes

Foot orthotic devices

Foot orthotics or other devices to support the feet, such as arch supports and shoe inserts, unless required for the treatment of or to prevent complications of diabetes

Gene-based, cellular and other innovative therapies (GCIT)

The following are not **covered services** unless you receive prior written approval from us:

- GCIT services received at a facility or with a **provider** that is not a GCIT-designated facility/**provider**.
- All associated services when GCIT services are not covered. Examples include:
 - Infusion
 - Lab
 - Radiology
 - Anesthesia
 - Nursing services

See the *How your plan works – Medical necessity and precertification requirements* section.

Growth/height care

- A treatment, device, drug, service or supply to increase or decrease height or alter the rate of growth
- **Surgical procedures**, devices and growth hormones to stimulate growth

Maintenance care

Care made up of services and supplies that maintain, rather than improve, a level of physical or mental function, except for habilitation therapy services

Medical supplies – outpatient disposable

Any outpatient disposable supply or device. Examples of these include:

- Sheaths
- Bags
- Elastic garments
- Support hose
- Bandages
- Bedpans
- Home test kits not related to diabetic testing
- Splints
- Neck braces
- Compresses
- Other devices not intended for reuse by another patient

Missed appointments

Any cost resulting from a canceled or missed appointment

Obesity surgery and services

Weight management treatment or drugs intended to decrease or increase body weight, control weight or treat obesity, including morbid obesity except as described in the *Coverage and exclusions* section, including preventive services for obesity screening and weight management interventions. This is regardless of the existence of other medical conditions. Examples of these are:

- Liposuction, banding, gastric stapling, gastric by-pass and other forms of bariatric **surgery**
- **Surgical procedures**, medical treatments and weight control/loss programs primarily intended to treat, or are related to the treatment of obesity, including morbid obesity
- Drugs, stimulants, preparations, foods or diet supplements, dietary regimens and supplements, food supplements, appetite suppressants and other medications
- Hypnosis, or other forms of therapy
- Exercise programs, exercise equipment, membership to health or fitness clubs, recreational therapy or other forms of activity or activity enhancement

Other non-covered services

- Services you have no legal obligation to pay
- Services that would not otherwise be charged if you did not have the coverage under the plan

Other primary payer

Payment for a portion of the charges that Medicare or another party is responsible for as the primary payer

Personal care, comfort or convenience items

Any service or supply primarily for your convenience and personal comfort or that of a third party

Prescription or non-prescription drugs and medicines - outpatient

- Outpatient **prescription** or non-**prescription drugs** and medicines provided through a third party vendor contract with the policyholder
- **Specialty prescription drugs** except as stated in the *Coverage and exclusions* section.

Services provided by a family member

Services provided by a spouse, civil union partner, domestic partner, parent, child, stepchild, brother, sister, in-law, or any household member

Services, supplies and drugs received outside of the United States

Non-emergency medical services, outpatient **prescription** drugs or supplies received outside of the United States. They are not covered even if they are covered in the United States under this certificate.

Sexual dysfunction and enhancement

Any treatment, **prescription** drug, or supply to treat sexual dysfunction, enhance sexual performance or increase sexual desire, including:

- **Surgery, prescription** drugs, implants, devices or preparations to correct or enhance erectile function, enhance sensitivity or alter the shape of a sex organ
- Sex therapy, sex counseling, marriage counseling, or other counseling or advisory services

Strength and performance

Services, devices and supplies such as drugs or preparations designed primarily to enhance your strength, physical condition, endurance or physical performance

Telehealth

- Services given when you are not present at the same time as the **provider**
- Services including:
 - Telephone calls
 - **Telehealth** kiosks
 - Electronic vital signs monitoring or exchanges, (e.g. Tele-ICU, Tele-stroke)

Therapies and tests

- Full body CT scans
- Hair analysis
- Hypnosis and hypnotherapy
- Massage therapy, except when used for physical therapy treatment
- Sensory or hearing and sound integration therapy

Tobacco cessation

Any treatment, drug, service or supply to stop or reduce smoking or the use of other tobacco products or to treat or reduce nicotine addiction, dependence or cravings, including, medications, nicotine patches and gum unless recommended by the United States Preventive Services Task Force (USPSTF). This also includes:

- Counseling, except as specifically provided in the *Covered services and exclusions* section
- Hypnosis and other therapies
- Medications, except as specifically provided in the *Covered services and exclusions* section
- Nicotine patches
- Gum

Voluntary sterilization

- Reversal of voluntary sterilization procedures

Wilderness treatment programs

See *Educational services* in this section

Work related illness or injuries

Services or supplies paid for by workers' compensation or a similar program under local, state or federal law for any illness or injury related to employment or self-employment

How your plan works

How your medical plan works while you are covered in-network

Your in-network coverage helps you get and pay for a lot of, but not all, health care services. Your cost share is lower when you use a **network provider**.

Providers

Our **provider** network is there to give you the care you need. You can find network **providers** and see important information about them by logging in to your member website. There you'll find our online **provider** directory. See the *Contact us* section for more information.

You may choose a **PCP** to oversee your care. Your **PCP** will provide routine care and send you to other **providers** when you need specialized care. You don't have to get care through your **PCP**. You may go directly to **network providers**. Your plan may pay a bigger share for **covered services** you get through your **PCP**, so choose a **PCP** as soon as you can.

For more information about the network and the role of your **PCP**, see the *Who provides the care* section.

How your medical plan works while you are covered out-of-network

With your out-of-network coverage:

- You can get care from **providers** who are not part of the Allina Health | Aetna network
- You may have to pay the full cost for your care, and then submit a claim to be reimbursed
- You are responsible to get any required **precertification**
- Your cost share will be higher

Who provides the care

Network providers

We have contracted with **providers** in the service area to provide **covered services** to you. These **providers** make up the network for your plan.

To get network benefits, you must use **network providers**. There are some exceptions:

- **Emergency services** – see the description of **emergency services** in the *Coverage and exclusions* section.
- Urgent care – see the description of urgent care in the *Coverage and exclusions* section.
- Transplants – see the description of transplant services in the *Coverage and exclusions* section.

You may select a **network provider** from the online directory through your member website.

You will not have to submit claims for services received from **network providers**. Your **network provider** will take care of that for you. And we will pay the **network provider** directly for what the plan owes.

Your PCP

We encourage you to get **covered services** through a **PCP**. They will provide you with primary care.

How you choose your PCP

You can choose a **PCP** from the list of **PCPs** in our directory.

Each covered family member is encouraged to select a **PCP**. You may each choose a different **PCP**. You should select a **PCP** for your covered dependent if they are a minor or cannot choose a **PCP** on their own.

What your PCP will do for you

Your **PCP** will coordinate your medical care or may provide treatment. They may send you to other **network providers**.

Changing your PCP

You may change your **PCP** at any time by contacting us.

Out-of-network providers

You can also get care from **out-of-network providers**. When you use an **out-of-network provider**, your cost share is higher. You are responsible for:

- Your out-of-network **deductible**
- Your out-of-network **coinsurance**
- Any charges over the **allowable amount**
- Submitting your own claims and getting **precertification**

Keeping a provider you go to now (continuity of care)

You may have to find a new **provider** when:

- You join the plan and the **provider** you have now is not in the network
- You are already an Aetna member and your **provider** stops being in our network

However, in some cases, you may be able to keep going to your current **provider** to complete a treatment or to have treatment that was already scheduled. This is called continuity of care.

If this situation applies to you, contact us for details. As long as the provider did not leave the network for reasons based on fraud, lack of quality standards, or group termination of loss of benefits with the provider, you will be able to receive transitional care at the current **provider** rate for a period up to 90 days from when we notified you of their network status or end of your treatment, whichever is sooner. If you are pregnant and have entered your second trimester, this will include the time required for postpartum care directly related to the delivery.

You will not be responsible for an amount that exceeds the cost-sharing that would have applied to you had your provider remained in the network.

Medical necessity and precertification requirements

Your plan pays for its share of the expense for **covered services** only if the general requirements are met. They are:

- The service is **medically necessary**
- For in-network benefits, you get the service from a **network provider**
- You or your **provider precertifies** the service when required

Medically necessary, medical necessity

The **medical necessity** requirements are in the *Glossary* section, where we define “**medically necessary, medical necessity**.” That is where we also explain what our medical directors or a **physician** they assign consider when determining if a service is **medically necessary**.

Important note:

We cover **medically necessary**, sex-specific **covered services** regardless of identified gender.

Types of services that require precertification

Precertification is required for inpatient **stays** and certain outpatient services and supplies.

Precertification is required for the following types of services and supplies:

Inpatient services and supplies	Outpatient services and supplies
Gene-based, cellular and other innovative therapies (GCIT)	Applied behavior analysis
Gender affirming treatment	ART services
Obesity (bariatric) surgery	Complex imaging
Stays in a hospice facility	Comprehensive infertility services
Stays in a hospital	Cosmetic and reconstructive surgery
Stays in a rehabilitation facility	Emergency transportation by airplane
Stays in a residential treatment facility for treatment of mental health disorders and substance related disorders	Gene-based, cellular and other innovative therapies (GCIT)
Stays in a skilled nursing facility	Gender affirming treatment
	Injectables, (immunoglobulins, growth hormones, multiple sclerosis medications, osteoporosis medications, Botox, hepatitis C medications)
	Kidney dialysis
	Knee surgery
	Outpatient back surgery not performed in a physician’s office
	Partial hospitalization treatment – mental health disorders and substance related disorders treatment
	Private duty nursing services
	Sleep studies
	Transcranial magnetic stimulation (TMS)
	Wrist surgery

Contact us to get a complete list of the services that require **precertification**. The list may change from time to time.

Sometimes you or your **provider** may want us to review a service that doesn't require **precertification** before you get care. This is called a predetermination, and it is different from **precertification**. Predetermination means that you or your **provider** requests the pre-service clinical review of a service that does not require **precertification**.

Our clinical policy bulletins explain our policy for specific services and supplies. We use these bulletins and other resources to help guide individualized coverage decisions under our plans. You can find the bulletins and other information at <https://www.aetna.com/health-care-professionals/clinical-policy-bulletins.html>.

Certain **prescription** drugs are covered under the medical plan when they are given to you by your doctor or health care facility. The following **precertification** information applies to these **prescription** drugs:

- For certain drugs, your **provider** needs to get approval from us before we will cover the drug. The requirement for getting approval in advance guides appropriate use of certain drugs and makes sure they are **medically necessary**.

Step therapy is a type of **precertification** where you must try one or more prerequisite drugs before a step therapy drug is covered. A 'prerequisite' is something that is required before something else. Prerequisite drugs are FDA-approved, may cost less and treat the same condition. If you don't try the prerequisite drugs first, the step therapy drug may not be covered.

Contact us or go online to get the most up-to-date **precertification** requirements and list of step therapy drugs.

Requesting a medical exception

Sometimes you or your **provider** may ask for a medical exception for drugs that are not covered or for which coverage was denied. You, someone who represents you or your **provider** can contact us. You will need to provide us with clinical documentation. Any exception granted is based upon an individual and is a case-by-case decision that will not apply to other members. For directions on how you can submit a request for a review:

- Call the toll-free number on your ID card
- Log in to the Allina Health | Aetna website at <https://www.allinahealth.com/>
- Submit the request in writing to CVS Health ATTN: Aetna PA, 1300 E Campbell Road, Richardson, TX 75081

You, someone who represents you or your **provider** may seek a quicker medical exception when the situation is urgent. It's an urgent situation when you have a health condition that may seriously affect your life, health, or ability to get back maximum function. It can also be when you are going through a current course of treatment using a non-covered drug.

A **step therapy** medical exception, for a **prescription drug** covered under your plan, will be granted if one of the following conditions exist:

- The **prescription drug** required under step therapy is contraindicated based on the manufacturer's prescribing information for the drug
- Due to a documented adverse event with prior use or a documented medical condition, the **prescription drug** required under **step therapy** is likely to do any of the following:
 - Cause you an adverse reaction
 - Decrease your ability to achieve or maintain reasonable functional ability in performing daily activities
 - Cause you physical or mental harm

- You took the required **prescription drug** during a sufficient trial and the **prescription drug** was discontinued by your **provider** due to lack of effectiveness or an adverse event
- You are currently receiving a positive therapeutic outcome on a **prescription drug** for your medical condition, it is one for which you received **covered services** and your **provider** provides documentation that a change in the **prescription drug** required by **step therapy** is expected to be ineffective or cause harm
- You are receiving treatment for stage four advanced metastatic cancer or associated conditions

To request a **step therapy** medical exception, follow the instructions for requesting a medical exception above.

What the plan pays and what you pay

Who pays for your **covered services** – this plan, both of us, or just you? That depends.

The general rule

The schedule of benefits lists what you pay for each type of **covered service**. In general, this is how your benefit works:

- You pay the **deductible**, when it applies.
- Then the plan and you share the expense. Your share is called a **copayment** or **coinsurance**.
- Then the plan pays the entire expense after you reach your **maximum out-of-pocket limit**.

When we say “expense” in this general rule, we mean the **negotiated charge** for a **network provider**, and **allowable amount** for an **out-of-network provider**.

Negotiated charge

For health coverage:

This is the amount a **network provider** has agreed to accept or that we have agreed to pay them or a third party vendor (including any administrative fee in the amount paid).

Some **providers** are part of Allina Health | Aetna’s **network** for some Allina Health | Aetna plans but are not considered **network providers** for your plan. For those **providers**, the **negotiated charge** is the amount that **provider** has agreed to accept for rendering services or providing **prescription** drugs to members of your plan.

We may enter into arrangements with **network providers** or others related to:

- The coordination of care for members
- Improving clinical outcomes and efficiencies

Some of these arrangements are called:

- Value-based contracting
- Risk sharing
- Accountable care arrangements

These arrangements will not change the **negotiated charge** under this plan.

For **prescription drug services**:

When you get a **prescription** drug, we have agreed to this amount for the **prescription** or paid this amount to the network pharmacy or third party vendor that provided it. The **negotiated charge** may include a rebate, additional service or risk charges and administrative fees. It may include additional amounts paid to or received from third parties under price guarantees.

Paying for covered services – the general requirements

There are several general requirements for the plan to pay any part of the expense for a **covered service**. For in-network coverage, they are:

- The service is **medically necessary**
- You get your care from a **network provider**
- You or your **provider precertifies** the service when required

For **out-of-network** coverage:

- The service is **medically necessary**
- You get your care from an **out-of-network provider**
- You or your **provider precertifies** the service when required

For outpatient **prescription** drugs, your costs are based on:

- The type of **prescription** you're prescribed
- Where you fill the **prescription**

The plan may make some **brand-name prescription drugs** available to you at the **generic prescription drug** cost share.

Generally, your plan and you share the cost for **covered services** when you meet the general requirements. But sometimes your plan will pay the entire expense, and sometimes you will. For details, see your schedule of benefits and the information below.

You pay the entire expense when:

- You get services or supplies that are not **medically necessary**.
- Your plan requires **precertification**, your **physician** requests it, we deny it and you get the services without **precertification**.
- You get care from an **out of-network provider** and the **provider** waives all or part of your cost share.

In all these cases, the **provider** may require you to pay the entire charge. Any amount you pay will not count towards your **deductible** or your **maximum out-of-pocket limit**.

Surprise Bill

There may be times when you unknowingly receive services or do not consent to receive services from an **out-of-network provider**, even where you try to stay in the network for your covered services. You may then get a bill at the **out-of-network** rate that you didn't expect. This is called a surprise bill.

An **out-of-network provider** cannot balance bill or attempt to collect costs from you that exceed your in-network cost-sharing requirements, such as **deductibles**, **copayments** and **coinsurance** for the following services:

- **Emergency services** provided by an **out-of-network provider**, including independent freestanding emergency departments. Your final diagnosis will not determine whether services are **emergency services**.
 - Your coverage for **emergency services** will continue until you are evaluated and your

condition is stabilized and:

- Your attending **physician** determines that you are medically able to travel or to be transported, by non-medical or non-emergency medical transportation, to another **provider** if you need more care
- Non-emergency surgical or ancillary services provided by an **out-of-network provider** at an in-network facility, except when the non-participating provider has satisfied the notice and consent criteria for **out-of-network** cost shares by:
 - Providing **out-of-network** notice to you of the estimated charges for the items and services and that the **provider** is a non-participating provider
 - Obtaining consent from you to be treated and balance billed by the non-participating **provider**.
 - Providing written notice and obtaining consent within 72 hours of the item or service being delivered or, if the item or service is scheduled within that timeframe, at the time the appointment is made.

Surgical or ancillary services mean any professional services including surgery, anesthesiology, pathology, radiology, or hospitalist services and laboratory services.

A facility in this instance means an institution providing health care related services or a health care setting, including **hospitals** and other licensed inpatient centers; ambulatory surgical or treatment centers; **skilled nursing facilities; residential treatment facilities**; diagnostic, laboratory, and imaging centers; and rehabilitation and other therapeutic health settings.

Any cost-sharing requirement for the items and services will be calculated based on the recognized amount which for surprise bill protection is based on the median contracted rate for all plans offered by the carrier in the same insurance market for the same or similar item or service that is: provided by a provider in the same or similar specialty or facility of the same or similar facility type; and provided in the geographic region in which the item or service is furnished. The median contracted rate is subject to additional adjustments specified in federal regulations.

Any cost-sharing payments made with respect to the items and services will be counted toward any applicable in-network deductible and in-network out-of-pocket maximum.

It is not a surprise bill when you knowingly choose to go outside the network and have signed a consent for these services. In this case, you will have to pay it.

Contact us if you receive any surprise bills or have any questions regarding what constitutes a surprise bill.

Where your schedule of benefits fits in

The schedule of benefits shows any out-of-pocket costs you are responsible for when you receive **covered services** and any benefit limitations that apply to your plan. It also shows any **maximum out-of-pocket limits** that apply.

Limitations include things like maximum age, visits, days, hours, and admissions. Out-of-pocket costs include things like **deductibles, copayments** and **coinsurance**.

Keep in mind that you are responsible for paying your part of the cost sharing. You are also responsible for costs not covered under this plan.

Coordination of benefits

Some people have health coverage under more than one health plan. If you do, we will work with your other plan to decide how much each plan pays. This is called coordination of benefits (COB).

Key Terms

Here are some key terms we use in this section. These will help you understand this COB section.

Allowable expense means a health care expense that any of your health plans cover.

In this section when we talk about “plan” through which you may have other coverage for health care expenses we mean:

- Group, blanket, or franchise health insurance policies issued by insurers, HMOs, or health care service contractors
- Labor-management trustee plans, labor organization plans, employer organization plans, or employee benefit organization plans
- An automobile insurance policy
- Medicare or other government benefits
- Any contract that you can obtain or maintain only because of membership in or connection with a particular organization or group

How COB works

- When this is your primary plan, we pay your medical claims first as if there is no other coverage.
- When this is your secondary plan:
 - We pay benefits after the primary plan and reduce our payment based on any amount the primary plan paid.
 - Total payments from this plan and your other coverage will never add up to more than 100% of the allowable expenses.
 - Each family member has a separate benefit reserve for each year. The benefit reserve balance is:
 - The amount that the secondary plan saved due to COB
 - Used to cover any unpaid allowable expenses
 - Erased at the end of the year

Determining who pays

The basic rules are listed below. Reading from top to bottom the first rule that applies will determine which plan is primary and which is secondary. Contact us if you have questions or want more information.

A plan that does not contain a COB provision is always the primary plan.

COB rule	Primary plan	Secondary plan
Non-dependent or dependent	Plan covering you as an employee, retired employee or subscriber (not as a dependent)	Plan covering you as a dependent
Child – parents married or living together	Plan of parent whose birthday (month and day) is earlier in the year (Birthday rule)	Plan of parent whose birthday is later in the year

COB rule	Primary plan	Secondary plan
Child – parents separated, divorced, or not living together	<ul style="list-style-type: none"> • Plan of parent responsible for health coverage in court order • Birthday rule applies if both parents are responsible or have joint custody in court order • Custodial parent's plan if there is no court order 	<ul style="list-style-type: none"> • Plan of other parent • Birthday rule applies (later in the year) • Non-custodial parent's plan
Child – covered by individuals who are not parents (i.e. stepparent or grandparent)	Same rule as parent	Same rule as parent
Active or inactive employee	Plan covering you as an active employee (or dependent of an active employee)	Plan covering you as a laid off or retired employee (or dependent of a former employee)
Consolidated Omnibus Budget Reconciliation Act (COBRA) or state continuation	Plan covering you as an employee or retiree (or dependent of an employee or retiree)	COBRA or state continuation coverage
Longer or shorter length of coverage	Plan that has covered you longer	Plan that has covered you for a shorter period of time
Other rules do not apply	Plans share expenses equally	Plans share expenses equally

How COB works with Medicare

If your other coverage is under Medicare, federal laws explain whether Medicare will pay first or second. COB with Medicare will always follow federal requirements. Contact us if you have any questions about this.

When you are eligible for Medicare, we coordinate the benefits we pay with the benefits that Medicare pays. If you are eligible but not covered, and Medicare would be your primary payer, we may still pay as if you are covered by Medicare and coordinate with the benefits Medicare would have paid. Sometimes, this plan pays benefits before Medicare pays. Sometimes, this plan pays benefits after Medicare or after an amount that Medicare would have paid if you had been covered.

You are eligible for Medicare if you are covered under it. You are also eligible for Medicare even if you are not covered or if you refused it, dropped it, or didn't make a request for it.

Effect of prior plan coverage

If you are in a continuation period from a prior plan at the time you join this plan you may not receive the full benefit paid under this plan. See the schedule of benefits for more information.

Your current and prior plan must be offered through the same policyholder.

Other health coverage updates – contact information

You should contact us if you have any changes to your other coverage. We want to be sure our records are accurate so your claims are processed correctly.

Our rights

We have the right to:

- Release or obtain any information we need for COB purposes, including information we need to recover any payments from your other health plans
- Reimburse another health plan that paid a benefit we should have paid
- Recover any excess payment from a person or another health plan, if we paid more than we should have paid

Benefit payments and claims

A claim is a request for payment that you or your health care **provider** submits to us when you want or get **covered services**. There are different types of claims. You or your **provider** may contact us at various times, to make a claim, to request approval, or payment, for your benefits. This can be before you receive your benefit, while you are receiving benefits and after you have received the benefit.

It is important that you carefully read the previous sections within *How your plan works*. When a claim comes in, we review it, make a decision and tell you how you and we will split the expense. The amount of time we have to tell you about our decision on a claim depends on the type of claim.

Claim type and timeframes

Urgent care claim

An urgent claim is one for which the doctor treating you decides a delay in getting medical care could put your life or health at risk. Or a delay might put your ability to regain maximum function at risk. It could also be a situation in which you need care to avoid severe pain. We will make a decision within 72 hours.

If you are pregnant, an urgent claim also includes a situation that can cause serious risk to the health of your unborn baby.

Pre-service claim

A pre-service claim is a claim that involves services you have not yet received and which we will pay for only if we **precertify** them. We will make a decision within 5 days.

Post-service claim

A post-service claim is a claim that involves health care services you have already received. We will make a decision within 30 days.

Concurrent care claim extension

A concurrent care claim extension occurs when you need us to approve more services than we already have approved. Examples are extending a **hospital stay** or adding a number of visits to a **provider**. You must let us know you need this extension 24 hours before the original approval ends. We will have a decision within 24 hours for an urgent request. You may receive the decision for a non-urgent request within 15 days.

Concurrent care claim reduction or termination

A concurrent care claim reduction or termination occur when we decide to reduce or stop payment for an already approved course of treatment. We will notify you of such a determination. You will have enough time to file an appeal. Your coverage for the service or supply will continue until you receive a final appeal decision from us.

During this continuation period, you are still responsible for your share of the costs, such as **copayments**, **coinsurance** and **deductibles** that apply to the service or supply. If we uphold our decision at the final internal appeal, you will be responsible for all of the expenses for the service or supply received during the continuation period.

Filing a claim

When you see a **network provider**, that office will usually send us a detailed bill for your services. If you see an **out-of-network provider**, you may receive the bill (proof of loss) directly. This bill forms the basis of your post-service claim. If you receive the bill directly, you or your **provider** must send us the bill within 12 months of the date you received services, unless you are legally unable to notify us. You must send it to us with a claim form that you can either get online or contact us to provide. You should always keep your own record of the date, **providers** and cost of your services.

The benefit payment determination is made based on many things, such as your **deductible** or **coinsurance**, the necessity of the service you received, when or where you receive the services, or even what other insurance you may have. We may need to ask you or your **provider** for some more information to make a final decision. You can always contact us directly to see how much you can expect to pay for any service.

We will pay the claim within 30 days from when we receive all the information necessary. Sometimes we may pay only some of the claim. Sometimes we may deny payment entirely. We may even rescind your coverage entirely. Rescission means you lose coverage going forward and going backward. If we paid claims for your past coverage, we will want the money back.

We will give you our decision in writing. You may not agree with our decision. There are several ways to have us review the decisions. Please see the *Complaints, claim decisions and appeal procedures* section for that information.

Complaints, claim decisions and appeal procedures

The difference between a complaint and an appeal

Complaint

You may not be happy about a **provider** or an operational issue, and you may want to complain. You can contact us at any time. This is a complaint. Your complaint should include a description of the issue. You should include copies of any records or documents you think are important. We will review the information and give you a written response within 30 calendar days of receiving the complaint. We will let you know if we need more information to make a decision.

Appeal

When we make a decision to deny services or reduce the amount of money we pay on your care or out-of-pocket expense, it is an adverse benefit determination. You can ask us to re-review that determination. This is an appeal. You can start an appeal process by contacting us.

You have the right to submit a complaint or appeal at any time by:

- Writing Minnesota Commerce Department
85 7th Place East, Suite 280
St Paul, MN 55101
- Calling (800) 657-3602

Claim decisions and appeal procedures

Your **provider** may contact us at various times to make a claim, or to request approval for payment based on your benefits. This can be before you receive your benefit, while you are receiving benefits and after you have received the benefit. You may not agree with our decision. As we said in *Benefit payments and claims* in the *How your plan works* section, we pay many claims at the full rate, except for your share of the costs. But sometimes we pay only some of the claim. Sometimes we deny payment entirely.

Any time we deny even part of the claim, it is an “adverse benefit determination” or “adverse decision.” For any adverse decision, you will receive an explanation of benefits in writing. You can ask us to review an adverse benefit determination. This is the internal appeal process. If you still don’t agree, you can also appeal that decision. There are times you may skip the two levels of internal appeal. But in most situations, you are encouraged to complete both levels before you can take any other actions, such as an external review.

Appeal of an adverse benefit determination

Urgent care or pre-service claim appeal

If your claim is an urgent claim or a pre-service claim, your **provider** may appeal for you without having to fill out an appeal form. We will give you an answer within 36 hours for an urgent appeal and within 15 calendar days for a pre-service appeal. A concurrent claim appeal will be addressed according to what type of service and claim it involves. Upon request, we will provide you with a complete summary of the appeal decision.

Any other claim appeal

You must file an appeal within 180 calendar days from the time you receive the notice of an adverse benefit determination.

You can appeal by sending a written appeal to the address on the notice of adverse benefit determination, or by contacting us. You need to include:

- Your name
- The plan sponsor's name
- A copy of the adverse benefit determination
- Your reasons for making the appeal
- Any other information you would like us to consider

We will assign your appeal to someone who was not involved in making the original decision. You will receive a decision within 30 calendar days for a post-service claim.

If you are still not satisfied with the answer, you may make a second internal appeal. You must present your appeal within 60 calendar days from the date you receive the notice of the first appeal decision.

Another person may submit an appeal for you, including a **provider**. That person is called an authorized representative. You need to tell us if you choose to have someone else appeal for you (even if it is your **provider**). You should fill out an authorized representative form telling us you are allowing someone to appeal for you. You can get this form on our website or by contacting us. The form will tell you where to send it to us. You can use an authorized representative at any level of appeal.

At your last available level of appeal, we will give you any new or additional information we may find and use to review your claim. There is no cost to you. We will give you the information before we give you our decision. This decision is called the final adverse benefit determination. You can respond to the information before we tell you what our final decision is.

Exhaustion of appeal process

In most situations, you are encouraged to complete the two levels of appeal with us before you can take these other actions:

- Contact the Minnesota Department of Insurance to request an investigation of a complaint or appeal
- File a complaint or appeal with the Minnesota Department of Commerce
- Appeal through an external review process
- Pursue arbitration, litigation or other type of administrative proceeding

Although you are encouraged to, you do not have to complete the two levels of appeal before you may take other actions. These situations are:

- You have an urgent claim or claim that involves ongoing treatment. You can have your claim reviewed internally and through the external review process at the same time.
- We did not follow all of the claim determination and appeal requirements of the Minnesota Department of Commerce. But you will not be able to proceed directly to external review if:
 - The rule violation was minor and not likely to influence a decision or harm you
 - The violation was for a good cause or beyond our control
 - The violation was part of an ongoing, good faith exchange between you and us

In addition, you may proceed to external review without exhausting the internal complaint or appeal process under the following circumstances:

- We waive the exhaustion requirement

- We are considered to have waived the exhaustion requirements by failing to substantially comply with the requirements including, but not limited to, time limits for internal complaints or appeals
- You applied for an expedited external review at the same time you qualified for an applied for an expedited internal review pursuant to state law

External review

External review is a review done by people in an organization outside of Allina Health | Aetna. This is called an external review organization (ERO).

You have a right to external review only if:

- You have received an adverse benefit determination

If our claim decision is one for which you can seek external review, we will say that in the notice of adverse benefit determination or final adverse benefit determination we send you. That notice also will describe the external review process. It will include a copy of the request for external review form at the final adverse determination level.

You must submit the request for external review form:

- To Minnesota Department of commerce
85 7th Place East, Suite 280
St Paul, MN 55101
- Within 6 months of the date you received the decision from us
- With a copy of the notice from us, along with any other important information that supports your request

You will pay for any information that you send and want reviewed by the ERO. Your request for external review must include a filing fee that . In cases of financial hardship, the filing fee may be waived by the commissioner of health or commerce. The filing fee will be refunded if the adverse determination is completely reversed.

The Minnesota Department of Commerce will contact the ERO that will conduct the review of your claim.

The ERO will:

- Assign the appeal to one or more independent clinical reviewers that have proper expertise to do the review
- Consider appropriate credible information that you sent
- Follow our contractual documents and your plan of benefits
- Send notification of the decision within 45 calendar days of the date we receive your request form and all the necessary information

We will stand by the decision that the ERO makes.

How long will it take to get an ERO decision?

We will give you the ERO decision not more than 45 calendar days after we receive your notice of external review form with all the information you need to send in.

Sometimes you can get a faster external review decision. Your **provider** must call us or send us a request for external review form.

There are two scenarios when you may be able to get a faster external review:

For initial adverse benefit determinations

- Your **provider** tells us a delay in receiving health care services would:
 - Jeopardize your life, health or ability to regain maximum function
 - Be much less effective if not started right away (in the case of **experimental or investigational** treatment)

For final adverse determinations

Your **provider** tells us a delay in receiving health care services would:

- Jeopardize your life, health or ability to regain maximum function
- Be much less effective if not started right away (in the case of **experimental or investigational** treatment), or
- The final adverse determination concerns an admission, availability of care, continued **stay** or health care service for which you received **emergency services**, but have not been discharged from a facility

If your situation qualifies for this faster review, you will receive a decision within 48 hours of us getting your request.

Utilization review

Prescription drugs covered under this plan are subject to misuse, waste or abuse utilization review by us, your **provider** or your network pharmacy. The outcome of the review may include:

- Limiting coverage of a drug to one prescribing **provider** or one network pharmacy
- Quantity, dosage or day supply limits
- Requiring a partial fill or denial of coverage

Recordkeeping

We will keep the records of all complaints and appeals for at least 10 years.

Fees and expenses

We do not pay any fees or expenses incurred by you in pursuing a complaint or appeal.

Eligibility, starting and stopping coverage

Eligibility

Who is eligible

The policyholder decides and tells us who is eligible for health coverage. As long as you meet the policyholder's eligibility criteria, you can be enrolled as a new employee under the group policy.

When you can join the plan

You can enroll:

- At the end of any waiting period the policyholder requires
- Once each year during the annual enrollment period
- At other special times during the year (see the *Special times you can join the plan* section below)

You can enroll eligible family members (these are your "dependents") at this time too.

If you don't enroll when you first qualify for benefits, you may have to wait until the next annual enrollment period to join.

Who can be a dependent on this plan

You can enroll the following family members:

- Your legal spouse
- Dependent children – yours or your spouse's
 - Dependent children must be:
 - Under 26 years of age
 - Dependent children include:
 - Natural children
 - Stepchildren
 - Adopted children including those placed with you for adoption
 - Foster children
 - Children you are responsible for under a qualified medical support order or court order
 - Grandchildren
 - A grandchild whose parent is already covered as a dependent on this plan

Adding new dependents

You can add new dependents during the year. These include any dependents described in the *Who can be a dependent on this plan* section above.

Coverage begins on the date of the event for new dependents that join your plan for the following reasons:

- Birth
- Adoption or placement for adoption
- Marriage
- Legal guardianship
- Court or administrative order

Except for a newborn child, we must receive a completed enrollment form not more than 31 days after the event date.

For a newborn child:

- We encourage you to complete an enrollment form within 31 days of birth, even if the coverage does not require an additional **premium** contribution.

If coverage for the newborn child requires an additional **premium** contribution, we are entitled to all **premium** contributions that would have been collected had we been aware of the additional dependent. We may reduce benefits by the amount of the past due **premiums** for the additional dependent.

Special times you can join the plan

You can enroll in these situations:

- You didn't enroll before because you had other coverage and that coverage has ended
- Your COBRA coverage has ended
- A court orders that you cover a dependent on your health plan
- When your dependent moves outside the service area for your employee plan

We must receive the completed enrollment information within 31 days of the date when coverage ends.

You can also enroll in these situations:

- You or your dependent lose your eligibility for enrollment in Medicaid or an S-CHIP plan
- You are now eligible for state premium assistance under Medicaid or S-CHIP which will pay your premium contribution under this plan

We must receive the completed enrollment information within 60 days of the date when coverage ends.

Notification of change in status

Tell us of any changes that may affect your benefits. Please contact us as soon as possible when you have a:

- Change of address
- Dependent status change
- Dependent who enrolls in Medicare or any other health plan

Starting coverage

Your coverage under this plan has a start and an end. You must start coverage after you complete the eligibility and enrollment process. You can ask your policyholder to confirm your effective date.

Stopping coverage

Your coverage typically ends when you leave your job; but it can happen for other reasons. Ending coverage doesn't always mean you lose coverage with us. There will be circumstances that will still allow you to continue coverage. See the *Special coverage options after your coverage ends* section.

We will send you notice if your coverage is ending. This notice will tell you the date that your coverage ends.

When will your coverage end

Your coverage under this plan will end if:

- This plan is no longer available
- You ask to end coverage
- The policyholder asks to end coverage
- You are no longer eligible for coverage
- Your work ends
- You stop making required contributions, if any apply
- We end your coverage
- You start coverage under another medical plan offered by your employer

When dependent coverage ends

Dependent coverage will end if:

- A dependent is no longer eligible for coverage.
- You stop making premium contributions, if any apply.
- Your coverage ends for any of the reasons listed above except:
 - Exhaustion of your overall maximum benefit.
 - You enroll under a group Medicare plan we offer. However, dependent coverage will end if your coverage ends under the Medicare plan.

What happens to your dependents if you die?

Coverage for dependents may continue for some time after your death. See the *Special coverage options after your coverage ends* section for more information.

Why would we end your coverage?

We may immediately end your coverage if you commit fraud or you intentionally misrepresented yourself when you applied for or obtained coverage. You can refer to the *General provisions – other things you should know* section for more information on rescissions.

On the date your coverage ends, we will refund to your employer any prepayment for periods after the date your coverage ended.

Special coverage options after your coverage ends

When coverage may continue under the plan

This section explains options you may have after your coverage ends under this plan. Your individual situation will determine what options you will have. Contact the policyholder to see what options apply to you.

In some cases, premium payment is required for coverage to continue. Your coverage will continue under the plan as long as the policyholder and we have agreed to do so. It is the policyholder responsibility to let us know when your work ends. If the policyholder and we agree in writing, we will extend the limits.

Consolidated Omnibus Budget Reconciliation Act (COBRA)

The federal COBRA law usually applies to employers of group sizes of 20 or more and gives employees and most of their covered dependents the right to keep their health coverage for 18, 29 or 36 months after a qualifying event. The qualifying event is something that happens that results in you losing your coverage.

The qualifying events are:

- Your active employment ends for reasons other than gross misconduct
- Your working hours are reduced
- You divorce or legally separate and are no longer responsible for dependent coverage
- You become entitled to benefits under Medicare
- Your covered dependent children no longer qualify as dependents under the plan
- You die
- You are a retiree eligible for retiree health coverage and your former employer files for bankruptcy

Talk with your employer if you have questions about COBRA or to enroll.

How you can extend coverage if you are totally disabled when coverage ends

Your coverage may be extended if you are totally disabled when coverage ends.

You are “totally disabled” if you cannot work at your occupation within the first 2 years of your disability or you cannot work at your own occupation or any other occupation for pay or profit after 2 years of disability.

Your dependent is “totally disabled” if that person is incapable of self-sustaining employment due to developmental disability, mental or physical disability and depends mainly on you for support and maintenance.

You may extend coverage until the earliest of:

- When you or your dependents are no longer totally disabled
- When you become covered by another health benefits plan

How you can extend coverage for your disabled child beyond the plan age limits

You have the right to extend coverage for your dependent child beyond plan age limits, if the child is not able to be self-supporting because of mental, emotional or physical disability and depends mainly on you for support.

The right to coverage will continue only as long as a **physician** certifies that your child still is disabled.

We may ask you to send us proof of the disability within 90 days of the date coverage would have ended. Before we extend coverage, we may ask that your child get a physical exam. We will pay for that exam.

We may ask you to send proof that your child is disabled after coverage is extended. We won't ask for this proof more than once a year. You must send it to us within 31 days of our request. If you don't, we can terminate coverage for your dependent child.

How you can extend coverage when getting inpatient care when coverage ends

Your coverage may be extended if you are getting inpatient care in a **hospital** or **skilled nursing facility** when coverage ends.

Benefits are extended for the condition that caused the **hospital** or **skilled nursing facility stay** or for complications from the condition. Benefits aren't extended for other medical conditions.

You can continue to get care for this condition until the earliest of:

- When you are discharged
- When you no longer need inpatient care
- When you become covered by another health benefits plan
- 12 months of coverage

How you can extend coverage for hearing services and supplies when coverage ends

If you are not totally disabled when your coverage ends, coverage for hearing services and supplies may be extended for 30 days after your coverage ends:

- If the **prescription** for the hearing aid is written during the 30 days before your coverage ends
- If the hearing aid is ordered during the 30 days before your coverage ends

How your dependent can extend coverage after you die

Your dependents can continue coverage after your death if:

- You were covered at the time of your death
- The request is made within 31 day after your death, and
- Payment is made for coverage

Your dependent's coverage will end on the earliest date:

- Dependent coverage stops under the plan
- The dependent becomes covered by another health benefits plan

Premium for this extended coverage will not exceed 102% of the cost of the plan for other similarly situated dependents who are not survivors or a deceased insured.

How you can extend coverage after you are voluntarily or involuntarily terminated or laid off from employment

You and your dependents can continue coverage after you are voluntarily or involuntarily terminated or laid off from employment, except for gross misconduct, if:

- The request is made within 60 days after you are voluntarily or involuntarily terminated or laid off from employment
- Payment is made for the coverage

You and your dependents coverage will end on the earliest date:

- The end of the 18 month period after the date after you are voluntarily or involuntarily terminated or laid off from employment
- They no longer meet the definition of dependent
- Dependent coverage stops under the plan
- You or your dependent becomes covered by another health benefits plan
- Any required contributions stop

How you can extend coverage for a dependent after divorce and are no longer responsible for dependent coverage

Your dependent can continue coverage after you divorce if payment is made for the coverage. Your former spouse must have been covered under this group policy on the day before the entry of a valid decree of dissolution of marriage.

Your dependent's coverage will end on the earliest date:

- They no longer meet the definition of dependent
- Dependent coverage stops under the plan
- You or your dependent becomes covered by another health benefits plan
- Any required contributions stop

Premium for this extended coverage will not exceed 102% of the cost of the plan for other similarly situated dependents

How you can extend coverage for a dependent child that no longer qualifies as a dependent under the plan

Your dependent child can continue coverage when they no longer qualify as a dependent under the plan if payment is made for the coverage.

Your dependent child's coverage will end on the earliest date:

- The end of the 36 month period after the date they no longer qualify as a dependent under the plan
- They no longer meet the definition of dependent
- Dependent coverage stops under the plan
- The dependent becomes covered by another health benefits plan
- Any required contributions stop

How you can extend coverage for a dependent after you enroll in Medicare

Your dependents can continue coverage after you enroll in Medicare if payment is made for the coverage.

Your dependent's coverage will end on the earliest date:

- The end of the 36 month period after the date you enroll in Medicare
- Dependent coverage stops under the plan
- The dependent becomes covered by another health benefits plan
- Any required contributions stop

Premium for this extended coverage will not exceed 102% of the cost of the plan for other similarly situated dependents.

General provisions – other things you should know

Administrative provisions

How you and we will interpret this certificate

We prepared this certificate according to ERISA and other federal and state laws that apply. You and we will interpret it according to these laws. Also, you are bound by our interpretation of this certificate when we administer your coverage.

How we administer this plan

We apply policies and procedures we've developed to administer this plan.

Who's responsible to you

We are responsible to you for what our employees and other agents do.

We are not responsible for what is done by your **providers**. Even **network providers** are not our employees or agents.

Coverage and services

Your coverage can change

Your coverage is defined by the group policy. This document may have amendments and riders too. Under certain circumstances, we, the policyholder or the law may change your plan. When an emergency or epidemic is declared, we may modify or waive **precertification**, **prescription** quantity limits or your cost share if you are affected. Only we may waive a requirement of your plan. No other person, including the policyholder or **provider**, can do this.

Physical examination and evaluations

At our expense, we have the right to have a **physician** of our choice examine you. This will be done at reasonable times while a claim for benefits is pending or under review.

Records of expenses

You should keep complete records of your expenses. They may be needed for a claim. Important things to keep are:

- Names of **physicians** and others who furnish services
- Dates expenses are incurred
- Copies of all bills and receipts

Honest mistakes, incontestability and intentional deception

Honest mistakes

You or the policyholder may make an honest mistake when you share facts with us. When we learn of the mistake, we may make a fair change in premium contribution or in your coverage. If we do, we will tell you what the mistake was. We won't make a change if the mistake happened more than 2 years before we learned of it.

Incontestability

We will not use a statement you make in a written application to void your coverage after it has been in force for 2 years from its effective date.

We will use only a statement in writing that you make in your application, to do any of the following:

- To void your coverage
- To deny your claim for benefits

Intentional deception

If we learn that you defrauded us or you intentionally misrepresented material facts, we can take actions that can have serious consequences for your coverage. These serious consequences include, but are not limited to:

- Rescission of coverage
- Denial of benefits
- Recovery of amounts we already paid

We also may report fraud to criminal authorities. See the *Benefit payments and claims, Filing a claim* section for information about rescission.

You have special rights if we rescind your coverage:

- We will give you 30 days advance written notice of any rescission of coverage
- You have the right to an Allina Health | Aetna appeal
- You have the right to a third party review conducted by an independent ERO

Some other money issues

You cannot take any legal action until 60 days has passed after we receive written submission of a claim.

You are barred from bringing legal action for any recovery under this plan after 3 years from the deadline for filing claims.

You are encouraged but not required to complete the internal appeal process, if your plan has one, before you take any legal action against us. See the *Complaints, claim decisions, and, appeal procedures* section.

Assignment of benefits

When you see a **network provider**, they will usually bill us directly. When you see an **out-of-network provider**, we may choose to pay you or to pay the **provider** directly. To the extent allowed by law, we will not accept an assignment to an **out-of-network provider**.

Financial sanctions exclusions

If coverage provided under this certificate violates or will violate any economic or trade sanctions, the coverage will be invalid immediately. For example, we cannot pay for **covered services** if it violates a financial sanction regulation. This includes sanctions related to a person or a country under sanction by the United States, unless it is allowed under a written license from the Office of Foreign Asset Control (OFAC). You can find out more by visiting <https://www.treasury.gov/resource-center/sanctions/Pages/default.aspx>.

Premium contribution

Your plan requires that the policyholder make premium contribution payments. We will not pay for benefits if premium contributions are not made. Any decision to not pay benefits can be appealed.

Recovery of overpayments

We sometimes pay too much for **covered services** or pay for something that this plan doesn't cover. If we do, we can require the person we paid, you or your **provider**, to return what we paid. If we don't do that, we have the right to reduce any future benefit payments by the amount we paid by mistake.

When you are injured

The following will only apply after you received a full recovery from another source. Full recovery does not include payments made by a health plan to or for your benefit.

If someone else caused you to need care – say, a careless driver who injured you in a car crash – you may have a right to get money from a third party. If you receive a full recovery from another source, we may be entitled to be reimbursed from that source for amounts we have paid for your care. We have that right of reimbursement no matter what source the money comes from – for example, the other driver, the policyholder, or another insurance company. Our right to be reimbursed will be offset by monies paid to account for the pro rata share of your costs, expenses, and reasonable attorney's fees you spend to obtain your recovery from another source.

To help us get paid back, you are doing these things now:

- Agreeing to repay us from money you receive from a third party as a result of your injury, subject to the above offsets.
- Giving us the right to seek money in your name, from any person who causes you injury and from your own insurance. We can seek money only up to the amount we paid for your care.
- Agreeing to cooperate with us so we can get paid back in full. For example, you'll tell us within 30 days of when you seek money for your injury or illness. You'll hold any money you receive until we are paid in full. And you'll give us the right to money you get, ahead of everyone else.
- Agreeing to provide us notice of any money you will be receiving before pay out, or within 5 days of when you receive the money.

Your health information

We will protect your health information. We will only use or share it with others as needed for your care and treatment. We will also use and share it to help us process your claims and manage your plan.

You can get a free copy of our Notice of Privacy Practices. Just contact us.

When you accept coverage under this plan, you agree to let your **providers** share information with us. We need information about your physical and mental condition and care.

Glossary

Allowable amount

See *How your plan works – What the plan pays and what you pay*.

At risk for breast cancer

At risk for breast **cancer** is any of the following:

- Having a family history with one or more first or second degree relatives with breast cancer
- Testing positive for BRCA1 or BRCA2 mutations
- Having heterogeneously dense breasts or extremely dense breasts based on the Breast Imaging Reporting and Data System established by the American College of Radiology
- Having a previous diagnosis of breast cancer.

At risk for ovarian cancer

At risk for **ovarian cancer** is any of the following:

- Having a family history:
 - With one or more first or second degree relatives with ovarian cancer
 - Of clusters of women relatives with breast cancer
 - Of nonpolyposis colorectal cancer
- Testing positive for BRCA1 or BRCA2 mutations

Behavioral health provider

A **health professional** who is licensed or certified to provide **covered services** for mental health and **substance related disorders** in the state where the person practices.

Brand-name prescription drug

An FDA-approved drug marketed with a specific name or trademark name by the company that manufactures it; often the same company that developed and patents it.

Child health supervision

Appropriate services for a child from birth to age 6, including:

- Pediatric preventive services
- Immunizations
- Developmental assessments
- Laboratory services

Child health supervision age ranges and frequency are:

- Birth to 12 months, at least 5 visits
- 12-24 months, 3 visits
- 24-72 months, 1 per year

Child health supervision also includes immunizations as appropriate for a child from age 6 to 18, as defined by the Standards of Child Health Care issued by the American Academy of Pediatrics.

Coinsurance

Coinsurance is the percentage of the bill you pay after you meet your **deductible**.

Copay, copayment

Copays are flat fees for certain visits. A **copay** can be a dollar amount or percentage.

Covered service

The benefits, subject to varying cost shares, covered under the plan. These are:

- Described in the *Providing covered services* section
- Not listed as an exclusion in the *Coverage and exclusions – Providing covered services* section or the *General plan exclusions* section
- Not beyond any limits in the schedule of benefits
- **Medically necessary**. See the *How your plan works – Medical necessity and precertification requirements* section and the *Glossary* for more information

Deductible

A **deductible** is the amount you pay out-of-pocket for **covered services** per year before we start to pay.

Detoxification

The process of getting alcohol or other drugs out of an addicted person's system and getting them physically stable.

Drug guide

A list of **prescription** and OTC drugs and devices established by us or an affiliate. It does not include all **prescription** and OTC drugs and devices. This list can be reviewed and changed by us or an affiliate. A copy is available at your request. Go to <https://www.aetna.com/individuals-families/find-a-medication.html>.

Emergency medical condition

A severe medical condition that:

- Comes on suddenly
- Acute symptoms of severe pain
- Needs immediate medical care
- Leads a person with average knowledge of health and medicine to believe that, without immediate medical care, it could result in:
 - Danger to life or health
 - Loss of a bodily function
 - Loss of function to a body part or organ
 - Danger to the health of an unborn baby

Emergency services

Treatment given in a **hospital's** emergency room. This includes evaluation of and treatment to stabilize the **emergency medical condition**.

Experimental or investigational

Drugs, treatments or tests not yet accepted by **physicians** or by insurance plans as standard treatment. They may not be proven as effective or safe for most people.

A drug, device, procedure, or treatment is **experimental or investigational** if:

- There is not enough outcome data available from controlled clinical trials published in the peer-reviewed literature to validate its safety and effectiveness for the illness or injury involved.
- The needed approval by the FDA has not been given for marketing.
- A national medical or dental society or regulatory agency has stated in writing that it is **experimental or investigational** or suitable mainly for research purposes.
- It is the subject of a Phase I, Phase II or the experimental or research arm of a Phase III clinical trial. These terms have the meanings given by regulations and other official actions and publications of the FDA and Department of Health and Human Services.
- Written protocols or a written consent form used by a facility **provider** state that it is **experimental or investigational**.

Generic prescription drug

An FDA-approved drug with the same intended use as the brand-name product, that is considered to be as effective as the brand-name product. It offers the same:

- Dosage
- Safety
- Strength
- Quality
- Performance

Health professional

A person who is authorized by law to provide health care services to the public; for example, **physicians**, nurses and physical therapists.

Home health care agency

An agency authorized by law to provide home health services, such as skilled nursing and other therapeutic services.

Hospital

An institution licensed as a **hospital** by applicable law and accredited by The Joint Commission (TJC). This is a place that offers medical care. Patients can **stay** overnight for care. Or they can be treated and leave the same day. All **hospitals** must meet set standards of care. They can offer general or acute care. They can also offer service in one area, like rehabilitation.

Infertility

A disease defined by the failure to become pregnant:

- For a female with a male partner, after:
 - 1 year of frequent, unprotected heterosexual sexual intercourse if under the age of 35
 - 6 months of frequent, unprotected heterosexual sexual intercourse if age 35 or older
- For a female without a male partner, after:
 - At least 12 cycles of donor insemination if under the age of 35
 - 6 cycles of donor insemination if age 35 or older
- For a male without a female partner, after:
 - At least 2 abnormal semen analyses obtained at least 2 weeks apart
- For an individual or their partner who has been clinically diagnosed with gender identity disorder

Jaw joint disorder

This is:

- A temporomandibular joint (TMJ) dysfunction, craniomandibular disorder or any similar disorder of the jaw joint
- A myofascial pain dysfunction (MPD) of the jaw
- Any similar disorder in the relationship between the jaw joint and the related muscles and nerves

Mail order pharmacy

A pharmacy where **prescription** drugs are legally dispensed by mail or other carrier.

Maximum out-of-pocket limit

The **maximum out-of-pocket limit** is the most a covered person will pay per year in **copayments**, **coinsurance** and **deductible**, if any, for **covered services**.

Medically necessary, medical necessity

Health care services that we determine a **provider**, exercising prudent clinical judgment, would provide to a patient for the purpose of preventing, evaluating, diagnosing restoring, maintaining, or treating an illness, deterioration, injury, disease or its symptoms, and that we determine are:

- In accordance with generally accepted standards of medical practice
- Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's illness, injury or disease

Generally accepted standards of medical practice mean:

- Standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community
- Following the standards set forth in our clinical policies and applying clinical judgment

Mental health disorder

A **mental health disorder** is in general, a set of symptoms or behavior associated with distress and interference with personal function. A complete definition of **mental health disorder** is in the most recent edition of *Diagnostic and Statistical Manual of Mental Disorders (DSM) of the American Psychiatric Association*.

Negotiated charge

See *How your plan works – What the plan pays and what you pay*.

Network provider

A **provider** listed in the directory for your plan. A **NAP provider** listed in the NAP directory is not a **network provider**.

Out-of-network provider

A **provider** who is not a **network provider**.

Physician

A **health professional** trained and licensed to practice and prescribe medicine under the laws of the state where they practice; specifically, doctors of medicine or osteopathy. Under some plans, a **physician** can also be a **primary care physician (PCP)**.

Precertification, precertify

Pre-approval that you or your **provider** receives from us before you receive certain **covered services**. This may include a determination by us as to whether the service is **medically necessary** and eligible for coverage.

Prescription

This is an instruction written by a **physician**, physician assistant, or advanced practice nurse practitioner that authorizes a patient to receive a service, supply, medicine or treatment.

Primary care physician (PCP)

A **physician** who:

- The directory lists as a **PCP**
- Is selected by a person from the list of **PCPs** in the directory
- Supervises, coordinates and provides initial care and basic medical services to a covered person
- Shows in our records as your **PCP**

A **PCP** can be any of the following **providers**:

- General practitioner
- Family **physician**
- Internist
- Pediatrician
- OB, GYN, and OB/GYN
- Medical group (primary care office)
- Physician assistant

Provider

A **physician**, pharmacist, **health professional**, person, or facility, licensed or certified by law to provide health care services to you. If state law does not specifically provide for licensure or certification, they must meet all Medicare approval standards even if they don't participate in Medicare.

Psychiatric hospital

An institution licensed or certified as a **psychiatric hospital** by applicable laws to provide a program for the diagnosis, evaluation, and treatment of alcoholism, drug abuse or **mental health disorders** (including **substance related disorders**).

Residential treatment facility

An institution specifically licensed as a **residential treatment facility** by applicable laws to provide for mental health or **substance related disorder** residential treatment programs. It is credentialed by us or is accredited by one of the following agencies, commissions or committees for the services being provided:

- The Joint Commission (TJC)
- The Committee on Accreditation of Rehabilitation Facilities (CARF)
- The American Osteopathic Association's Healthcare Facilities Accreditation Program (HFAP)
- The Council on Accreditation (COA)

In addition to the above requirements, an institution must meet the following:

For residential treatment programs treating **mental health disorders**:

- A **behavioral health provider** must be actively on duty 24 hours/day for 7 days/week
- The patient must be treated by a psychiatrist at least once per week
- The medical director must be a psychiatrist
- It is not a wilderness treatment program (whether or not the program is part of a licensed **residential treatment facility** or otherwise licensed institution)
- Inpatient care for emotionally disabled children

For substance related residential treatment programs:

- A **behavioral health provider** or an appropriately state certified professional (CADC, CAC, etc.) must be actively on duty during the day and evening therapeutic programming
- The medical director must be a **physician**
- It is not a wilderness treatment program (whether or not the program is part of a licensed **residential treatment facility** or otherwise licensed institution)

For **detoxification** programs within a residential setting:

- An R.N. must be onsite 24 hours/day for 7 days/week within a residential setting
- Residential care must be provided under the direct supervision of a **physician**

Retail pharmacy

A community pharmacy that dispenses outpatient **prescription** drugs.

Room and board

A facility's charge for your overnight **stay** and other services and supplies expressed as a daily or weekly rate.

Semi-private room rate

An institution's **room and board** charge for most beds in rooms with 2 or more beds. If there are no such rooms, we will calculate the rate based on the rate most commonly charged by similar institutions in the same geographic area.

Skilled nursing facility

A facility specifically licensed as a **skilled nursing facility** by applicable laws to provide skilled nursing care.

Skilled nursing facilities also include:

- Rehabilitation **hospitals**
- Portions of a rehabilitation **hospital**
- A **hospital** designated for skilled or rehabilitation services

Skilled nursing facility does not include institutions that provide only:

- Minimal care
- Custodial care
- Ambulatory care
- Part-time care

It does not include institutions that primarily provide for the care and treatment of **mental health disorders** or **substance related disorders**.

Specialist

A **physician** who practices in any generally accepted medical or surgical sub-specialty.

Specialty prescription drug

An FDA-approved **prescription** drug that typically has a higher cost and requires special handling, special storage or monitoring. These drugs may be administered:

- Orally (mouth)
- Topically (skin)
- By inhalation (mouth or nose)
- By injection (needle)

Specialty pharmacy

A pharmacy that fills **prescriptions** for specialty drugs.

Stay

A full-time inpatient confinement for which a **room and board** charge is made.

Substance related disorder

This is a physical or psychological dependency, or both, on a drug or alcohol. These are defined in the *Diagnostic and Statistical Manual of Mental Disorders* (DSM) published by the American Psychiatric Association. This term does not include an addiction to nicotine products, food or caffeine.

Surgery, surgical procedure

The diagnosis and treatment of injury, deformity and disease by manual and instrumental means, such as:

- Cutting
- Abrading
- Suturing
- Destruction
- Ablation
- Removal
- Lasering

- Introduction of a catheter (e.g., heart or bladder catheterization) or scope (e.g., colonoscopy or other types of endoscopy)
- Correction of fracture
- Reduction of dislocation
- Application of plaster casts
- Injection into a joint
- Injection of sclerosing solution
- Otherwise physically changing body tissues and organs

Telehealth

A consultation between you and a **physician, specialist, or behavioral health provider, or telehealth provider** who is performing a clinical medical or behavioral health service by means of electronic communication.

Telemedicine

A consultation between you and a **physician, specialist, or telemedicine provider** who is performing a clinical medical or behavioral health service by means of electronic communication.

Terminal illness

A medical prognosis that you are not likely to live more than 6-24 months.

Walk-in clinic

A health care facility that provides limited medical care on a scheduled and unscheduled basis. A **walk-in clinic** may be located in, near or within a:

- Drug store
- Pharmacy
- Retail store
- Supermarket

The following are not considered a **walk-in clinic**:

- Ambulatory surgical center
- Emergency room
- **Hospital**
- Outpatient department of a **hospital**
- Physician's office
- Urgent care facility

Additional Information Provided by

SAMPLE

The following information is provided to you in accordance with the Employee Retirement Income Security Act of 1974 (ERISA). It is not a part of your booklet-certificate. Your Plan Administrator has determined that this information together with the information contained in your booklet-certificate is the Summary Plan Description required by ERISA.

In furnishing this information, Aetna is acting on behalf of your Plan Administrator who remains responsible for complying with the ERISA reporting rules and regulations on a timely and accurate basis.

Procedure for Amending the Plan:

The Employer may amend the Plan from time to time by a written instrument signed by SAMPLE.

ERISA Rights

As a participant in the group insurance plan you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974. ERISA provides that all plan participants shall be entitled to:

Receive Information about Your Plan and Benefits

Examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls, all documents governing the Plan, including insurance contracts, collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) that is filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the Plan, including insurance contracts, collective bargaining agreements, and copies of the latest annual report (Form 5500 Series), and an updated Summary Plan Description. The Administrator may make a reasonable charge for the copies.

Receive a summary of the Plan's annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report.

Receive a copy of the procedures used by the Plan for determining a qualified domestic relations order (QDRO) or a qualified medical child support order (QMCSO).

Continue Group Health Plan Coverage

Continue health care coverage for yourself, your spouse, or your dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review this summary plan description and the documents governing the Plan for the rules governing your COBRA continuation coverage rights.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in your interest and that of other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA there are steps you can take to enforce the above rights. For instance, if you request materials from the Plan and do not receive them within 30 days you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay up to \$ 110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Administrator.

If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the Plan's decision or lack thereof concerning the status of a domestic relations order or a medical child support order, you may file suit in a federal court.

If it should happen that plan fiduciaries misuse the Plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Assistance with Your Questions

If you have any questions about your Plan, you should contact the Plan Administrator.

If you have any questions about this statement or about your rights under ERISA, you should contact:

- the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory; or
- the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington D.C. 20210.

You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that you, your physician, or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, you may be required to obtain precertification for any days of confinement that exceed 48 hours (or 96 hours). For information on precertification, contact your plan administrator.

Notice Regarding Women's Health and Cancer Rights Act

Under this health plan, as required by the Women's Health and Cancer Rights Act of 1998, coverage will be provided to a person who is receiving benefits in connection with a mastectomy and who elects breast reconstruction in connection with the mastectomy for:

- (1) all stages of reconstruction of the breast on which a mastectomy has been performed;
- (2) surgery and reconstruction of the other breast to produce a symmetrical appearance;
- (3) prostheses; and
- (4) treatment of physical complications of all stages of mastectomy, including lymphedemas.

This coverage will be provided in consultation with the attending physician and the patient, and will be provided in accordance with the plan design, limitations, copays, deductibles, and referral requirements, if any, as outlined in your plan documents.

If you have any questions about our coverage of mastectomies and reconstructive surgery, please contact the Member Services number on your ID card.

For more information, you can visit this U.S. Department of Health and Human Services website, <http://www.cms.gov/home/regsguidance.asp>, and this U.S. Department of Labor website, <https://www.dol.gov/agencies/ebsa/employers-and-advisers/plan-administration-and-compliance/health-plans>.

IMPORTANT HEALTH CARE REFORM NOTICES

CHOICE OF PROVIDER

If your Aetna plan generally requires or allows the designation of a primary care provider, you have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. If the plan or health insurance coverage designates a primary care provider automatically, then until you make this designation, Aetna designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

If your Aetna plan allows for the designation of a primary care provider for a child, you may designate a pediatrician as the primary care provider.

If your Aetna plan provides coverage for obstetric or gynecological care and requires the designation of a primary care provider then you do not need prior authorization from Aetna or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

Confidentiality Notice

Aetna considers personal information to be confidential and has policies and procedures in place to protect it against unlawful use and disclosure. By "personal information," we mean information that relates to a member's physical or mental health or condition, the provision of health care to the member, or payment for the provision of health care or disability or life benefits to the member. Personal information does not include publicly available information or information that is available or reported in a summarized or aggregate fashion but does not identify the member.

When necessary or appropriate for your care or treatment, the operation of our health, disability or life insurance plans, or other related activities, we use personal information internally, share it with our affiliates, and disclose it to health care providers (doctors, dentists, pharmacies, hospitals and other caregivers), payors (health care provider organizations, employers who sponsor self-funded health plans or who share responsibility for the payment of benefits, and others who may be financially responsible for payment for the services or benefits you receive under your plan), other insurers, third party administrators, vendors, consultants, government authorities, and their respective agents. These parties are required to keep personal information confidential as provided by applicable law. In our health plans, participating network providers are also required to give you access to your medical records within a reasonable amount of time after you make a request.

Some of the ways in which personal information is used include claim payment; utilization review and management; medical necessity reviews; coordination of care and benefits; preventive health, early detection, vocational rehabilitation and disease and case management; quality assessment and improvement activities; auditing and anti-fraud activities; performance measurement and outcomes assessment; health, disability and life claims analysis and reporting; health services, disability and life research; data and information systems management; compliance with legal and regulatory requirements; formulary management; litigation proceedings; transfer of policies or contracts to and from other insurers, HMOs and third party administrators; underwriting activities; and due diligence activities in connection with the purchase or sale of some or all of our business. We consider these activities key for the operation of our health, disability and life plans. To the extent permitted by law, we use and disclose personal information as provided above without member consent. However, we recognize that many members do not want to receive unsolicited marketing materials unrelated to their health, disability and life benefits. We do not disclose personal information for these marketing purposes unless the member consents. We also have policies addressing circumstances in which members are unable to give consent.

To obtain a copy of our Notice of Privacy Practices, which describes in greater detail our practices concerning use and disclosure of personal information, please call the toll-free Member Services number on your ID card or visit our Internet site at www.aetna.com.

Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If your Employer grants you an approved FMLA leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be subject to prior written agreement between Aetna and your Employer.

If your Employer grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request the leave, you must agree to make any contributions required by your Employer to continue coverage. Your Employer must continue to make premium payments.

If Health Expense Benefits has reduction rules applicable by reason of age or retirement, Health Expense Benefits will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date your Employer determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by your Employer.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by your Employer, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If the group contract provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date your Employer determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for your Employer following the date your Employer determines the approved FMLA leave is terminated, your coverage under the group contract will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 31 days of the date your Employer determines the approved FMLA leave to be terminated. If you do not make such request within 31 days, coverage will again be effective under the group contract only if and when Aetna gives its written consent.

If any coverage being continued terminates because your Employer determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date your Employer determines the approved FMLA leave is terminated.

Schedule of benefits

If this is an ERISA plan, you may have certain rights under this plan. ERISA may not apply to a church or government group. Please contact the policyholder for additional information.

Prepared for:

Policyholder:	SAMPLE
Policyholder number:	GP-SAMPLE
Group policy effective date:	January 1, 2023
Plan name:	Open Access Managed Choice Plus, Schedule of Benefits:
Plan effective date:	January 1, 2023
Plan issue date:	January 1, 2023

**Underwritten by Allina Health and Aetna Life Insurance Company in the state of
XXXXX**

Schedule of benefits

This schedule of benefits (schedule) lists the **deductibles**, **copayments** or **coinsurance**, if any apply to the **covered services** you receive under the plan. You should review this schedule to become aware of these and any limits that apply to these services.

How your cost share works

- The **deductibles** and **copayments**, if any, listed in the schedule below are the amounts that you pay for **covered services**.
 - For the **covered services** under your medical plan, you will be responsible for the dollar amount
 - For pharmacy benefits where a percentage cost share acts like a **copayment**, you will be responsible for the percentage amount
- **Coinsurance** amounts, if any, listed in the schedule below are what the plan will pay for **covered services**.
- Sometimes your cost share shows a combination of your dollar amount **copayment** that you will be responsible for and the **coinsurance** percentage that your plan will pay.
- You are responsible to pay any **deductibles**, **copayments** and remaining **coinsurance**, if they apply and before the plan will pay for any **covered services**.
- This plan doesn't cover every health care service. You pay the full amount of any health care service you get that is not a **covered service**.
- This plan has limits for some **covered services**. For example, these could be visit, day or dollar limits. They may be:
 - Combined limits between in-**network** and **out-of-network providers**
 - Separate limits for in-**network** and **out-of-network providers**
 - Based on a rolling, 12 month period starting with the date of your most recent visit under this planSee the schedule for more information about limits.
- Your cost share may vary if the **covered service** is preventive or not. Ask your **physician** or contact us if you have a question about what your cost share will be.

For examples of how cost share and **deductible** work, go to the *Using your Allina Health | Aetna benefits* section under Individuals & Families at <https://www.allinahealthaetna.com/>.

Important note:

Covered services are subject to the XX **deductible**, **maximum out-of-pocket**, limits, **copayment** or **coinsurance** unless otherwise stated in this schedule.

Under this plan, you will:

1. Pay your **copayment**
2. Then pay any remaining **deductible**
3. Then pay your **coinsurance**

Your **copayment** does not apply to any **deductible**.

How your deductible works

The **deductible** is the amount you pay for **covered services** each year before the plan starts to pay. This is in addition to any **copayment** or **coinsurance** you pay when you get **covered services** from an in-network, **out-of-network provider**. This schedule shows the **deductible** amounts that apply to your plan. Once you have met your **deductible**, we will start sharing the cost when you get **covered services**. You will continue to pay **copayments** or **coinsurance**, if any, for **covered services** after you meet your **deductible**.

How your PCP or physician office visit cost share works

You will pay the **PCP** cost share when you get **covered services** from any **PCP**.

Surprise Billing

Any cost-sharing requirement for the items and services subject to surprise billing protection, as explained in your certificate of coverage, will be calculated at the recognized amount based on the median contracted rate for all plans offered by us in your market for the same or similar item or service that is:

- provided by a provider in the same or similar specialty or facility of the same or similar facility type
- provided in the geographic region in which the item or service is furnished.

The median contracted rate is subject to additional adjustments specified in federal regulations.

How your maximum out-of-pocket works

This schedule shows the **maximum out-of-pocket limits** that apply to your plan. Once you reach your **maximum out-of-pocket limit**, your plan will pay for **covered services** for the remainder of that year.

Contact us

We are here to answer questions. See the *Contact us* section in your certificate.

Allina Health | Aetna's group policy provides the coverage described in this schedule of benefits. This schedule replaces any schedule of benefits previously in use. Keep it with your certificate.

Plan features

Precertification covered services reduction

This only applies to out-of-network **covered services**:

Your certificate contains a complete description of the **precertification** process. You will find details in the *Medical necessity and precertification* section.

If **precertification** for **covered services** isn't completed, when required, it results in the following benefit reduction:

- A \$XX benefit reduction applied separately to each type of **covered service**

You may have to pay an additional portion of the **allowable amount** because you didn't get **precertification**. This portion is not a **covered service** and doesn't apply to your **deductible** or **maximum out-of-pocket limit**, if you have one.

Deductible

You have to meet your **deductible** before this plan pays for benefits.

Deductible type	In-network	Out-of-network
Individual	\$XX per year	\$XX per year
Family	\$XX per year	\$XX per year

Deductible waiver

There is no in-network **deductible** for the following **covered services**:

- Preventive care
- Family planning services – female contraceptives

Deductible and cost share waiver for risk reducing breast cancer prescription drugs

The **prescription drug deductible** and per **prescription** cost share will not apply to risk reducing breast cancer **prescription** drugs when obtained at a network pharmacy. This means they will be paid at 100%.

Deductible and cost share waiver for contraceptives (birth control)

The **prescription drug deductible** and per **prescription** cost share will not apply to female contraceptive methods when obtained at a network pharmacy. This means they will be paid at 100%. This includes certain OTC and generic contraceptive **prescription** drugs and devices for each of the methods identified by the FDA. If a **generic prescription drug** is not available, the **brand-name prescription drug** for that method will be paid at 100%.

The **prescription drug deductible** and cost share will apply to **prescription** drugs that have a generic equivalent or alternative available within the same therapeutic drug class obtained at a network pharmacy unless we approve a medical exception. A therapeutic drug class is a group of drugs or medications that have a similar or identical mode of action or are used for the treatment of the same or similar disease or injury.

Deductible and cost share waiver for tobacco cessation prescription and OTC drugs

The **prescription drug deductible** and the per **prescription** cost share will not apply to the first two 90-day treatment programs for tobacco cessation **prescription** and OTC drugs when obtained at a network **retail pharmacy**. This means they will be paid at 100%. Your per **prescription** cost share will apply after those two programs have been exhausted.

Maximum out-of-pocket limit

Maximum out-of-pocket type	In-network	Out-of-network
Individual	\$XX per year	\$XX per year
Family	\$XX per year	\$XX per year

General coverage provisions

This section explains the **deductible**, **maximum out-of-pocket limit** and limitations listed in this schedule.

Deductible provisions

In-network **covered services** will apply only to the in-network **deductible**. Out-of-network **covered services** will apply only to the out-of-network **deductible**.

The **deductible** may not apply to some **covered services**. You still pay the **copayment** or **coinsurance**, if any, for these **covered services**.

Individual deductible

You pay for **covered services** each year before the plan begins to pay. This individual **deductible** applies separately to you and each covered dependent. After the amount paid reaches the individual **deductible**, this plan starts to pay for **covered services** for the rest of the year.

Family deductible

You pay for **covered services** each year before the plan begins to pay. After the amount paid for **covered services** reaches this family **deductible**, this plan starts to pay for **covered services** for the rest of the year. To satisfy this family **deductible** for the rest of the year, the combined **covered services** that you and each of your covered dependents incur toward the individual **deductible** must reach this family **deductible** in a year. When this happens in a year, the individual **deductibles** for you and your covered dependents are met for the rest of the year.

Deductible credit

If you paid part or all of your **deductible** under other coverage for the year that this plan went into effect, we will deduct the amount paid under the other coverage from the **deductible** on this plan for the same year. If we ask, you must submit a detailed explanation of benefits (EOB) showing the dates and amount of the **deductible** met from the other coverage in order to receive the credit.

Copayment

This is the dollar amount you pay for **covered services**. In most plans, you pay this after you meet your **deductible** limit.

Coinsurance

This is the percentage of the bill you pay after you meet your **deductible**. This is in addition to any out-of-pocket costs you have to pay to meet your **deductible**, if you have one.

Maximum out-of-pocket limit

The **maximum out-of-pocket limit** is the most you will pay per year in **copayments**, **coinsurance** and **deductible**, if any, for **covered services**. **Covered services** that are subject to the **maximum out-of-pocket limit** include those provided under the medical plan and the outpatient **prescription** drug plan.

In-network **covered services** will apply only to the in-network **maximum out-of-pocket limit**. Out-of-network **covered services** will apply only to the out-of-network **maximum out-of-pocket limit**.

Individual maximum out-of-pocket limit

- This plan may have an individual and family **maximum out-of-pocket limit**. As to the individual **maximum out-of-pocket limit**, each of you must meet your **maximum out-of-pocket limit** separately.
- After you or your covered dependents meet the individual **maximum out-of-pocket limit**, this plan will pay 100% of the eligible charge for **covered services** that would apply toward the limit for the rest of the year for that person.

Family maximum out-of-pocket limit

After you or your covered dependents meet the family **maximum out-of-pocket limit**, this plan will pay 100% of the eligible charge for **covered services** that would apply toward the limit for the remainder of the year for all covered family members. The family **maximum out-of-pocket limit** is a cumulative **maximum out-of-pocket limit** for all family members.

To satisfy this **maximum out-of-pocket limit** for the rest of the year, the following must happen:

- The family **maximum out-of-pocket limit** is met by a combination of family members
- No one person within a family will contribute more than the individual **maximum out-of-pocket limit** amount in a year

If the **maximum out-of-pocket limit** does not apply to a **covered service**, your cost share for that service will not count toward satisfying the **maximum out-of-pocket limit** amount.

Certain costs that you have do not apply toward the **maximum out-of-pocket limit**. These include:

- All costs for non-covered services which are identified in the certificate and the schedule
- Charges, expenses or costs in excess of the **allowable amount**
- Costs for non-emergency use of the emergency room
- Costs for non-urgent use of an urgent care **provider**

Limit provisions

Covered services will apply to the in-network and out-of-network limits.

Your financial responsibility and decisions regarding benefits

We base your financial responsibility for the cost of **covered services** on when the service or supply is provided, not when payment is made. Benefits will be pro-rated to account for treatment or portions of **stays** that occur in more than one year. Decisions regarding when benefits are covered are subject to the terms and conditions of the group policy.

Outpatient prescription drug maximum out-of-pocket limit provisions

Covered services that are subject to the **maximum out-of-pocket limit** include **covered services** provided under the medical plan and the **prescription** drug plan.

The **maximum out-of-pocket limit** is the most you will pay per year in **copayments**, **coinsurance** and **deductible**, if any, for **covered services**. This plan may have an individual and family **maximum out-of-pocket limit**.

Description	In-network	Out-of-network
Emergency room	\$XX then the plan pays XX% per visit after deductible	Paid same as in-network

Non-emergency care in a hospital emergency room	Not covered	Not covered
--	-------------	-------------

Emergency services important note:

Out-of-network providers do not have a contract with us. The **provider** may not accept payment of your cost share as payment in full. You may receive a bill for the difference between the amount billed by the **provider** and the amount paid by the plan. If the **provider** bills you for an amount above your in-network cost share, you are not responsible for payment of that amount. You should send the bill to the address on your ID card and we will resolve any payment issue with the **provider**. Make sure the member ID is on the bill. If you are admitted to the **hospital** for an inpatient **stay** right after you visit the emergency room, you will not pay your emergency room cost share if you have one. You will pay the inpatient **hospital** cost share, if any.

Habilitation therapy services

Physical (PT), occupational (OT) therapies

Important Note:

Key terms

Designated network provider

A **network provider** listed in the directory under *Best Results for your plan* as a **provider** for your plan.

Non-designated network provider

A **provider** listed in the directory under the *All other results* tab as a **provider** for your plan.

See the *Contact us* section if you have questions.

You will pay less cost share when you use a designated network **walk-in clinic provider**. Non-designated network **walk-in clinic providers** are available to you, but the cost share will be at a higher level when these **providers** are used.
